Subject index*

A

- Abortifacient effects, luteolytic and, of serial intramuscular injections of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ in early pregnancy (Lauersen and Wilson), 425 (Current investigation)
- Abortion, induced midtrimester, influence of aspirin on course of (Niebyl et al.), 607
- second-trimester spontaneous, IUD, and infection (Eisinger), 393
- Acetate, chlormadinone, serum prolactin concentrations in women treated with (Beck and Malarkey), 578
- Acetylcholine, calcium and, indomethacin induces rat uterine contractions in vitro and alters reactivity to (Hargrove et al.), 25
- Acid, vanillylmandelic, epinephrine, and norepinephrine, free, changes in evolution of, in urine of rabbits during late pregnancy and parturition (Parvez and Parvez), 222
- Addicted pregnant women, methadone-managed and heroin-, and their newborn infants, cytogenetics of (Amarose and Norusis), 635
- Adenocarcinoma, clear-cell, of vagina and cervix: Survival data (Noller et al.), 285
- endometrial, and polycystic ovary syndrome (Wood and Boronow), 140
- primary, of vermiform appendix in gynecologic patient (Fichera et al.), 663 (Comm. in brief)
- Adenosine monophosphate-induced changes, cyclic, in surface morphology of diapausing blastocysts and effects on implantation (Holmes and Bergström), 301
- Adolescent sexuality and paramarriage (Montgomery), 818
- Affinity chromatography, purification of naturally occurring antibody to human placental lactogen by (Iannuzzi, Gusdon, and Herbst), 489
- Age of occurrence of gonadal tumors in intersex patients with Y chromosome (Manuel, Katayama, and Jones), 293
- Agensis, vaginal (Capraro and Gallego), 98 (Current developments)
- Aging, placental, monitored by gray scale echography (Fisher, Garrett, and Kossoff), 483
- Alanine-stimulated glucagon secretion, effects of fasting and theophylline on, in neonatal and infant sheep (Fiser et al.), 421
- Albumin, sodium bicarbonate and, rapid infusion of, into high-risk premature infants soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263
- Alcohol, ethyl, administered to pregnant mice, teratogenic effects of (Kronick), 676
- Alpha-fetoprotein (Lau and Linkins), 533 (Current developments)
- Amelanotic melanoma metastatic to placenta (Sokol et al.), 431 (Comm. in brief)
- Amenorrhea, secondary, postmenopausal syndrome, and normal human plasma, gonadotropin-releasing hormone radioimmunoassay and its measurement in (Rosenblum and Schlaff), 340
- American Association of Obstetricians and Gynecologists, transactions, eighty-sixth annual meeting, 805-934
- Amniotic band, strangulation of umbilical cord by (Burrows and Phillips), 697
- fluid cells, nuclear chromatin determination in, for prenatal sex prediction in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)

Amniotic fluid—Cont'd.

- and cord blood, cortisol in, in relation to prenatal betamethasone load and delivery (Gennser, Ohrlander, and Eneroth), 43
- osmolality in pregnancies complicated by diabetes (Bailey et al.), 257
- Ampicillin administration, effect of, on estradiol, estriol, and cortisol levels in maternal plasma and on estriol levels in urine (Sybulski and Maughan), 379
- Analogue, its, ICI 81008, progesterone, prostaglandin $F_{2\alpha}$ and, effects of, on excitability and threshold of uterus (Csapo), 367
- Androstenedione, testosterone, LH, and FSH, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333
- Anemia, smoking and, relation to: Placental ratio in white and black women (Wingard et al.), 671
- Anencephalic pregnancy, normal and, significance of urinary free cortisol and progesterone in (Chattoraj et al.), 848
- Anesthesia, local, ventilatory and blood gas changes during laparoscopy with (Brown et al.), 741
- Anesthetic agents, local, effects of, on uterine vasculatures and myometrium (Greiss, Still, and Anderson), 889
- Anomalies, congenital, in offspring, association between maternal bleeding during gestation and (Ornoy et al.), 474
- fetal, central nervous system damage, and maternal endotoxemia: Rat model of human problem (Ornoy and Altschuler), 196
- Antenatal screening, prognostic value of (Walker), 30
- Antibiotic era, puerperal infection in (Gibbs and Weinstein), 769 (Current developments)
- treatment of parturient women colonized with group B streptococci (Hall et al.), 630
- Antibody, naturally occurring, to human placental lactogen, purification of, by affinity chromatography (Iannuzzi, Gusdon, and Herbst), 489
- Anticoagulant therapy, warfarin sodium, ovarian hemorrhage complicating (Matseoane, Batts, and Mandeville), 766 (Current investigation)
- Appendix, vermiform, primary adenocarcinoma of, in gynecologic patient (Fichera et al.), 663 (Comm. in brief)
- Arterial and venous serum, maternal venous and umbilical cord, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471
- Artery, cord, cord vein, and maternal peripheral vein serum, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- Aspiration pneumonia, obstetrician's role in reducing risk of (Robert and Shirley), 611
- Aspirin, influence of, on course of induced midtrimester abortion (Niebyl et al.), 607

B

- B streptococci, group, antibiotic treatment of parturient women colonized with (Hall et al.), 630
- Barbadian women, investigation of effects of intrauterine contraceptive device based on longitudinal study of self-selected sample of (Barron, Weinstein, and Richart), 723

*January 1, 1-112; January 15, 113-216; February 1, 217-326; February 15, 327-444; March 1, 445-556; March 15, 557-670; April 1, 671-804; April 15, 805-954.

- Barrel-shaped cervical carcinoma (Lu, Macasaet, and Nelson), 596
- Benign cystic teratomas, bilateral ruptured, pregnancy with (Mehra et al.), 361
- melanosis of vagina and cervix (Tsukada), 211 (Comm. in brief)
- Beta-1-C globulin, immunoglobulins and, in hydatidiform mole vesicles (Márquez-Monter et al.), 406
- Betamethasone load, prenatal, and delivery, cortisol in amniotic fluid and cord blood in relation to (Gennser, Ohrlander, and Eneroth), 43
- Bicarbonate, sodium, and albumin, rapid infusion of, into high-risk premature infants soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263
- Binding capacity, plasma testosterone-, effectiveness of two oral contraceptives in suppressing plasma androstenedione, testosterone, LH, and FSH and in stimulating, in hirsute women (Givens et al.), 333
- Birth-weight delivery, low-, patients at high risk for (Kaltreider and Johnson), 251
- Blastocysts, diapausing, cyclic adenosine monophosphate-induced changes in surface morphology of, and effects on implantation (Holmes and Bergström), 301
- Bleeding, maternal, during gestation and congenital anomalies in offspring, association between (Ornoy et al.), 474
- Blood, cord, amniotic fluid and, cortisol in, in relation to prenatal betamethasone load and delivery (Gennser, Ohrlander, and Eneroth), 43
- D-positive, effectiveness of prophylactic Rh immunosuppression after transfusion with (Bowman), 80
- flow, effects of epinephrine on distribution of, in pregnant ewe (Rosenfeld, Barton, and Meschia), 156
- to reproductive and nonreproductive tissues, effect of estradiol-17 β on, in pregnant ewes (Rosenfeld et al.), 618
- uterine, during third trimester of pregnancy, double-blind investigation into effects of ritodrine on (Brettes, Renaud, and Gandar), 164
- gas changes, ventilatory and, during laparoscopy with local anesthesia (Brown et al.), 741
- sampling, fetal, in midtrimester pregnancies (Golbus, Kan, and Naglich-Craig), 653 (Current investigation)
- Books received, 216, 444
- Brain function, fetal, effect of methadone on (Mann et al.), 699
- C
- Calcium and acetylcholine, alters reactivity to, indomethacin induces rat uterine contractions in vitro and (Hargrove et al.), 25
- Canadian university, contraceptive knowledge and practice among undergraduates at (Munz et al.), 499
- Cancers, cervical, in perimenopausal and postmenopausal women, incidence of, detected by Papanicolaou smears (Neighbor and Newman), 348
- endometrial, testosterone metabolism in (Calanog et al.), 60
- gynecologic, immunotherapy and chemotherapy of (Pattillo), 808
- programmed chemotherapy for, cell kinetics and. I. Squamous-cell carcinoma (Averette et al.), 912
- surgery, pelvic, vascular injuries in (Bergan, Dean, and Yao), 562
- Carbon dioxide hysteroscopy (Bartsch and Dillon), 746
- Diagnosis and treatment (Lindemann and Mohr), 129
- Carcinoma, barrel-shaped cervical (Lu, Macasaet, and Nelson), 596
- cervical, treatment of (Beecham and Beiler), 281
- endometrial, association of estrone with development of (Ziel and Finkle), 735
- infiltrative, of vulva: Results of surgical treatment (Morley), 874
- preclinical, of cervix uteri, cytology and colposcopy in diagnosis and management of: Learning experience (Tovell, Banogan, and Nash), 924
- in situ, cervical dysplasia and, contraceptive choice and prevalence of (Ory et al.), 573
- dysplasia and, of uterine cervix: Prevalence in very young women (under age 22) (Snyder et al.), 751
- of vagina following treatment for carcinoma of cervix: Distinctive clinical entity (Geelhoed et al.), 510
- squamous-cell, I. Cell kinetics and programmed chemotherapy for gynecologic cancer (Averette et al.), 912
- Cardiac output in fetal lamb: Effects of spontaneous and induced changes of heart rate on right and left ventricular output (Rudolph and Heymann), 183
- Catecholamine content of human Fallopian tube and uterus and plasma levels of estradiol and progesterone, correlation between (Dujovne et al.), 229
- Cell(s) adenocarcinoma, clear-, of vagina and cervix: Survival data (Noller et al.), 285
- amniotic fluid, nuclear chromatin determination in, for prenatal sex prediction in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)
- cultured from rat placental tissue, histologic characteristics of (Ferguson and Palm), 415
- kinetics and programmed chemotherapy for gynecologic cancer. I. Squamous-cell carcinoma (Averette et al.), 912
- Central nervous system damage, maternal endotoxemia, and fetal anomalies: Rat model of human problem (Ornoy and Altschuler), 196
- Cervical cancer in perimenopausal and postmenopausal women, incidence of, detected by Papanicolaou smears (Neighbor and Newman), 348
- carcinoma, barrel-shaped (Lu, Macasaet, and Nelson), 596
- treatment of (Beecham and Beiler), 281
- conization, diagnostic and therapeutic efficacy of (van Nagell et al.), 134
- dysplasia and carcinoma in situ, contraceptive choice and prevalence of (Ory et al.), 573
- Cervix, carcinoma of, carcinoma in situ of vagina following treatment for: Distinctive clinical entity (Geelhoed et al.), 510
- incompetent, placenta previa in association with (Ringrose), 659 (Comm. in brief)
- uteri, cytology and colposcopy in diagnosis and management of preclinical carcinoma of: Learning experience (Tovell, Banogan, and Nash), 924
- uterine, dysplasia and carcinoma in situ of: Prevalence in very young women (under age 22) (Snyder et al.), 751
- vagina and, benign melanosis of (Tsukada), 211 (Comm. in brief)
- clear-cell adenocarcinoma of: Survival data (Noller et al.), 285
- Cesarean hysterectomy, elective: 5 year comparison with cesarean section (Barclay et al.), 900
- Chemotherapy, immunotherapy and, of gynecologic cancers (Pattillo), 808
- programmed, for gynecologic cancer, cell kinetics and. I. Squamous-cell carcinoma (Averette et al.), 912
- Chlordiazepoxide withdrawal in neonate (Athinarayanan et al.), 212 (Comm. in brief)
- Chlormadinone acetate, serum prolactin concentrations in women treated with (Beck and Malarkey), 578
- Cholecystectomy, new technique for incidental tubal ligation at time of (Richards), 658 (Comm. in brief)
- Chromatin determination, nuclear, in amniotic fluid cells for prenatal sex prediction in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)
- Chromatography, affinity purification of naturally occurring antibody to human placental lactogen by (Iannuzzi, Gusdon, and Herbst), 489
- Chromosomal constitution, XY, pure gonadal dysgenesis with (Swyer's syndrome): Report of two cases (Bruneteau et al.), 55
- Chromosome, Y, age of occurrence of gonadal tumors in intersex patients with (Manuel, Katayama, and Jones), 293
- Citrate, clomiphene, on serum prolactin in infertile women with ovarian dysfunction (Seki et al.), 125
- therapy, clomiphene, pregnancy following 29 cycles of: Case report (March, Israel, and Mishell), 309 (Comm. in brief)
- Classic pages, 97, 205, 311, 430, 532, 656, 768
- Clear-cell adenocarcinoma of vagina and cervix: Survival data (Noller et al.), 285
- Clearance rate, metabolic, of dehydroisoandrosterone sulfate. IV. Acute effects of induced hypertension, hypotension, and naturessis in normal and hypertensive pregnancies (Gant et al.), 143
- Clindamycin and gentamicin, placental transfer of, in term pregnancy (Weinstein, Gibbs, and Gallagher), 688
- Clinical opinion, 113-115, 327-332, 557-561
- Clomiphene citrate on serum prolactin in infertile women with ovarian dysfunction (Seki et al.), 125
- therapy, pregnancy following 29 cycles of: Case report (March, Israel, and Mishell), 309 (Comm. in brief)
- CO₂ hysteroscopy: Diagnosis and treatment (Lindemann and Mohr), 129

Coagulation, abnormal, and fibrinolysis in eclampsia (López-Llera et al.), 681

changes in eclampsia: Their frequency and pathogenesis (Pritchard, Cunningham, and Mason), 855

intravascular, in obstetrics: Serial dilution protamine sulfate test throughout labor (Arocha Piñango et al.), 18

Coccidioidomycosis, fatal maternal disseminated, in nonendemic area (VanBergen, Fleury, and Cheate), 661 (Comm. in brief)

Colonized with group B streptococci, antibiotic treatment of parturient women (Hall et al.), 630

Colposcopy, cytology and, in diagnosis and management of preclinical carcinoma of cervix uteri: Learning experience (Tovell, Banogan, and Nash), 924

Communications in brief, 206-213, 431-438, 657-664

Community hospital, primary care nurse in: Frontier Nursing Service (Browne and Isaacs), 14

Complexes, soluble fibrin monomer, amount and distribution pattern of, during early puerperium (Graeff et al.), 21

Concentrations, normal, diurnal and/or episodic variations, and day-to-day changes of unconjugated and total estradiol in late pregnancy plasma (Katagiri et al.), 272

serum prolactin, in women treated with chlormadinone acetate (Beck and Malarkey), 578

Congenital anomalies in offspring, association between maternal bleeding during gestation and (Ornoy et al.), 474

Conization, cervical, diagnostic and therapeutic efficacy of (van Nagell et al.), 134

Contraception, psychometric testing as basis for counseling patients choosing method of (Brooks and Butcalis), 85

Contraceptive(s) choice and prevalence of cervical dysplasia and carcinoma in situ (Ory et al.), 573

device (IUD), intrauterine, infection, and second-trimester spontaneous abortion (Eisinger), 393

investigation of effects of, based on longitudinal study of self-selected sample of Barbadian women (Barron, Weinstein, and Richart), 723

maternal midtrimester sepsis in association with: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)

new long-acting intrauterine: Copper T 220C (Cooper, Millen, and Mishell), 121

knowledge and practice among undergraduates at Canadian university (Munz et al.), 499

oral, effect of, on rhythmic urinary metal excretion (Weinmann et al.), 719

quantitative study of pregnancy zone protein in sera of women taking (Damber et al.), 289

two oral, effectiveness of, in suppressing plasma androstenedione, testosterone, LH, and FSH, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333

Contractility, spontaneous, of human and rabbit Fallopian tube, inhibition of, by potassium (Johns, Molnar, and Paton), 506

Contractions, rat uterine, in vitro, indomethacin induces, and alters reactivity to calcium and acetylcholine (Hargrove et al.), 25

Copper T 220C: New long-acting copper intrauterine contraceptive device (Cooper, Millen, and Mishell), 121

Cord arterial and venous serum, umbilical, maternal venous and, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471

blood, amniotic fluid and, cortisol in, in relation to prenatal betamethasone load and delivery (Gennser, Ohrlander, and Eneroth), 43

umbilical, strangulation of, by amniotic band (Burrows and Phillips), 697

vein, cord artery, and maternal peripheral vein serum, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234

Correspondence, 214-215, 439-443, 665-670

Cortisol in amniotic fluid and cord blood in relation to prenatal betamethasone load and delivery (Gennser, Ohrlander, and Eneroth), 43

estradiol, and estradiol levels in maternal plasma, effect of ampicillin administration on, and on estradiol levels in urine (Sybulski and Maughan), 379

Cortisol—Cont'd

levels in maternal venous and umbilical cord arterial and venous serum at vaginal delivery (Leong and Pearson Murphy), 471

and progesterone, urinary free, significance of, in normal and anencephalic pregnancy (Chattoraj et al.), 848

Counseling patients choosing method of contraception, psychometric testing as basis for (Brooks and Butcalis), 85

Culdoscopic and laparoscopic tubal sterilization, comparison of (Koetsawang et al.), 601

Cultured from rat placental tissue, histologic characteristics of cells (Ferguson and Palm), 415

Current developments, 98-107, 312-323, 533-554, 769-787

investigation, 425-429, 529-531, 653-655, 761-767

Cutaneous fistula, peritoneal-, secondary to perforated Dalkon shield (Slaughter and Morris), 206 (Comm. in brief)

Cycles, 29, of clomiphene citrate therapy, pregnancy following: Case report (March, Israel, and Mishell), 309 (Comm. in brief)

Cyclic adenosine monophosphate-induced changes in surface morphology of diapausing blastocysts and effects on implantation (Holmes and Bergström), 301

Cystic teratomas, bilateral ruptured benign, pregnancy with (Mehra et al.), 361

Cysts, epidermoid, of ovary: Report of five cases with histogenetic considerations and ultrastructural findings (Nogales and Silverberg), 523

Cytodynamics of human endometrial regeneration, studies on. I. Scanning electron microscopy (Ferency), 64

II. Transmission electron microscopy and histochemistry (Ferency), 582

Cytogenetics of methadone-managed and heroin-addicted pregnant women and their newborn infants (Amarose and Norusis), 635

Cytologic observations, mass Papanicolaou screening and, of teen-age girls, experience in (Fields, Restivo, and Brown), 730

Cytology and colposcopy in diagnosis and management of preclinical carcinoma of cervix uteri: Learning experience (Tovell, Banogan, and Nash), 924

D

D-positive blood, effectiveness of prophylactic Rh immunosuppression after transfusion with (Bowman), 80

Dalkon shield, perforated, peritoneal-cutaneous fistula secondary to (Slaughter and Morris), 206 (Comm. in brief)

Defibrination, self-limited acute, in pregnancy: Case report (Kates and Schifrin), 432 (Comm. in brief)

Dehydroisoandrosterone sulfate, metabolic clearance rate of. IV. A-ute effects of induced hypertension, hypotension, and naturesis in normal and hypertensive pregnancies (Gant et al.), 143

Delivery, low-birth-weight, patients at high risk for (Kaltreider and Johnson), 251

prenatal betamethasone load and, cortisol in amniotic fluid and cord blood in relation to (Gennser, Ohrlander, and Eneroth), 43

total unconjugated estrogens in maternal peripheral vein, cord vein, and cord artery serum at, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234

vaginal, cortisol levels in maternal venous and umbilical cord arterial and venous serum at (Leong and Pearson Murphy), 471

Device classification report, FDA obstetrics-gynecology (Thompson et al.), 557 (Clinical opinion)

intrauterine contraceptive, infection, and second-trimester spontaneous abortion (Eisinger), 393

investigation of effects of, based on longitudinal study of self-selected sample of Barbadian women (Barron, Weinstein, and Richart), 723

maternal midtrimester sepsis in association with: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)

new long-acting intrauterine contraceptive: Copper T 220C (Cooper, Millen, and Mishell), 121

Diabetes, amniotic fluid osmolality in pregnancies complicated by (Baily et al.), 257

Diapausing blastocysts, cyclic adenosine monophosphate-induced changes in surface morphology of, and effects on implantation (Holmes and Bergström), 301

- Dilution protamine sulfate test, serial, throughout labor: Intravascular coagulation in obstetrics (Arocha Piñango et al.), 18
- Dioxide hysteroscopy, carbon (Bartsch and Dillon), 746
- Diagnosis and treatment (Lindemann and Mohr), 129
- Diphosphoglycerate, erythrocyte 2,3-, in normal and hypertensive gravid women and their newborn infants (Weiss et al.), 692
- Disseminated coccidioidomycosis, fatal maternal, in nonendemic area (VanBergen, Fleury, and Cheate), 661 (Comm. in brief)
- Distress syndrome, respiratory, premature rupture of membranes and, relationship between (Berkowitz, Bonta, and Warshaw), 712
- Diurnal and/or episodic variations, day-to-day changes, and normal concentrations of unconjugated and total estriol in late pregnancy plasma, IV. Estriol in pregnancy (Katagiri et al.), 272
- Dysgenesis, gonadal, in two siblings (Fleishman, Berlin, and Dana), 308 (Comm. in brief)
- pure gonadal, with XY chromosomal constitution (Swyer's syndrome): Report of two cases (Bruneteau et al.), 55
- Dysplasia and carcinoma in situ, cervical, contraceptive choice and prevalence of (Ory et al.), 573
- of uterine cervix: Prevalence in very young women (under age 22) (Snyder et al.), 751
- E
- Echography, gray scale, placental aging monitored by (Fisher, Garrett, and Kossoff), 483
- Eclampsia, abnormal coagulation and fibrinolysis in (López-Llera et al.), 681
- coagulation changes in: Their frequency and pathogenesis (Pritchard, Cunningham, and Mason), 855
- maternal mortality rates in (López-Llera, Rubio Linares, and Hernández Horta), 149
- Eclamptic women, remote prognosis of (Chesley, Anitto, and Cosgrove), 446
- Electrode, special, for continuous subcutaneous pH measurement in infant scalp, development of (Stamm et al.), 183
- Electron microscopy, scanning, I. Studies on cytodynamics of human endometrial regeneration (Ferency), 64
- transmission, and histochemistry, II. Studies on cytodynamics of human endometrial regeneration (Ferency), 582
- Endometrial adenocarcinoma and polycystic ovary syndrome (Wood and Boronow), 140
- cancer, testosterone metabolism in (Calanog et al.), 60
- carcinoma, association of estrone with development of (Ziel and Finkle), 735
- regeneration, human, studies on cytodynamics of. I. Scanning electron microscopy (Ferency), 64
- II. Transmission electron microscopy and histochemistry (Ferency), 582
- Endotoxemia, maternal, fetal anomalies, and central nervous system damage: Rat model of human problem (Ornoy and Altschuler), 196
- Epidermoid cysts of ovary: Report of five cases with histogenetic considerations and ultrastructural findings (Nogales and Silverberg), 523
- Epinephrine, effects of, on distribution of blood flow in pregnant ewe (Rosenfeld, Barton, and Meschia), 156
- norepinephrine, and vanillylmandelic acid, free, changes in evolution of, in urine of rabbits during late pregnancy and parturition (Parvez and Parvez), 222
- Erythrocyte 2,3-diphosphoglycerate in normal and hypertensive gravid women and their newborn infants (Weiss et al.), 692
- Ester, 15(S)-15-methyl-PGF_{2α}-methyl, vaginally administered, outpatient postconceptional fertility control with (Bygdeman et al.), 493
- Estradiol, estriol, and cortisol levels in maternal plasma, effect of ampicillin administration on, and on estriol levels in urine (Sybulski and Maughan), 379
- and progesterone, plasma levels of, correlation between catecholamine content of human Fallopian tube and uterus and (Dujovne et al.), 229
- 17β, effect of, on blood flow to reproductive and nonreproductive tissues in pregnant ewes (Rosenfeld et al.), 618
- Estriol, cortisol, and estradiol levels in maternal plasma, effect of ampicillin administration on, and on estriol levels in urine (Sybulski and Maughan), 379
- Estriol—Cont'd
- excretion, association between abnormal glucose tolerance (hyperglycemia and hypoglycemia) and, in pregnancy (Abell et al.), 388
- in pregnancy. IV. Normal concentrations, diurnal and/or episodic variations, and day-to-day changes of unconjugated and total estriol in late pregnancy plasma (Katagiri et al.), 272
- Estrogens, total unconjugated, in maternal peripheral vein, cord vein, and cord artery serum at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- Estrone, association of, with development of endometrial carcinoma (Ziel and Finkle), 735
- Ethyl alcohol administered to pregnant mice, teratogenic effects of (Kronick), 676
- Excretion, estriol, association between abnormal glucose tolerance (hyperglycemia and hypoglycemia) and, in pregnancy (Abell et al.), 388
- rhythmic urinary metal, effect of oral contraceptives on (Weinmann et al.), 719
- F
- F_{2α}, 15(S)-15-methyl-prostaglandin, luteolytic and abortifacient effects of serial intramuscular injections of, in early pregnancy (Lauersen and Wilson), 425 (Current investigation)
- methyl ester, outpatient postconceptional fertility control with vaginally administered (Bygdeman et al.), 495
- termination of midtrimester pregnancy by serial intramuscular injections of (Lauersen and Wilson), 169
- prostaglandin, and its analogue ICI 81008, progesterone and, effects of, on excitability and threshold of uterus (Csapo), 367
- Fallopian tube, human and rabbit, inhibition of spontaneous contractility of, by potassium (Johns, Molnar, and Paton), 506
- and uterus, human, catecholamine content of, and plasma levels of estradiol and progesterone, correlation between (Dujovne et al.), 229
- Fasting and theophylline, effects of, on alanine-stimulated glucagon secretion in neonatal and infant sheep (Fiser et al.), 421
- FDA obstetrics-gynecology device classification report (Thompson et al.), 557 (Clinical opinion)
- Fertility control, outpatient postconceptional, with vaginally administered 15(S)-15-methyl-PGF_{2α}-methyl ester (Bygdeman et al.), 493
- Fetal anomalies, central nervous system damage, and maternal endotoxemia: Rat model of human problem (Ornoy and Altschuler), 196
- blood sampling in midtrimester pregnancies (Golbus, Kan, and Naglich-Craig), 653 (Current investigation)
- brain function, effect of methadone on (Mann et al.), 699
- head, hyperextended, management of (Daw), 113 (Clinical opinion)
- lamb(s), cardiac output in: Effects of spontaneous and induced changes of heart rate on right and left ventricular output (Rudolph and Heymann), 183
- hyperfibrinogenemia and polycythemia with intrauterine growth retardation in (Pickart, Creasy, and Thaler), 268
- lung maturation, comparison of two glucocorticoid regimens for acceleration of, in premature labor (Whitt et al.), 479
- membrane dynamics (Scoggin), 825
- monitoring, internal, slowing of active labor associated with (Sokol, Zador, and Rosen), 764 (Current investigation)
- intrapartum, unusual complication of (Akhter), 657 (Comm. in brief)
- rabbit, inhibition of pulmonary maturation in, by maternal treatment with phenobarbital (Karotkin et al.), 529 (Current investigation)
- syphilis in first trimester (Harter and Benirschke), 705
- weight in utero, simple geometric method for determining, with compound gray scale ultrasonic scan (Picker and Saunders), 493
- Fetoprotein, alpha- (Lau and Linkins), 533 (Current developments)
- Fibrin monomer complexes, soluble, amount and distribution pattern of, during early puerperium (Graeff et al.), 21
- Fibrinolysis, abnormal coagulation and, in eclampsia (López-Llera et al.), 681
- Fistula, peritoneal-cutaneous, secondary to perforated Dalkon shield (Slaughter and Morris), 206 (Comm. in brief)
- ureterovaginal, as complication of radical pelvic surgery (Macasaet, Lu, and Nelson), 757

Fluid, amniotic, and cord blood, cortisol in, in relation to prenatal betamethasone load and delivery (Gennser, Ohrlander, and Eneroth), 43

cells, amniotic, nuclear chromatin determination in, for prenatal sex prediction in macaque (Herbst, Taft, and Robboy), 76 (Current investigation)

osmolality, amniotic, in pregnancies complicated by diabetes (Bailey et al.), 257

Follicle-stimulating hormone (FSH), LH, androstenedione, and testosterone, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333

Forceps, bipolar sterilizing, and uterine manipulator: Two new laparoscopic instruments (Corson), 434 (Comm. in brief)

Fractional postcoital test, interpretation and significance of (Tredway), 352

Frontier Nursing Service: Primary care nurse in community hospital (Browne and Isaacs), 14

FSH, LH, androstenedione, and testosterone, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333

G

Gas changes, blood, ventilatory and, during laparoscopy with local anesthesia (Brown et al.), 741

Gentamicin, clindamycin and, placental transfer of, in term pregnancy (Weinstein, Gibbs, and Gallagher), 688

Geometric method, simple, for determining fetal weight in utero with compound gray scale ultrasonic scan (Picker and Saunders), 493

Gestation, maternal bleeding during, and congenital anomalies in offspring, association between (Ornoy et al.), 474

serum levels of placental protein during, in baboon (Stevens, Bohn, and Powell), 51

Globulin, beta-1-C, immunoglobulins and, in hydatidiform mole vesicles (Márquez-Monter et al.), 406

Glucagon secretion, alanine-stimulated, effects of fasting and theophylline on, in neonatal and infant sheep (Fiser et al.), 421

Glucocorticoid regimens, two, for acceleration of fetal lung maturation in premature labor, comparison of (Whitt et al.), 479

Glucose tolerance (hyperglycemia and hypoglycemia), abnormal, and estriol excretion, association between, in pregnancy (Abell et al.), 388

Gonadal dysgenesis, pure, with XY chromosomal constitution (Swyer's syndrome): Report of two cases (Bruneteau et al.), 55

in two siblings (Fleishman, Berlin, and Dana), 308 (Comm. in brief)

tumors, age of occurrence of, in intersex patients with Y chromosome (Manuel, Katayama, and Jones), 293

Gonadotropic secretion, neurohormonal control of, in primates (Vande Wiele), 832

Gonadotropin radioimmunoassays with use of 48 hour and six-day incubation methods, comparison between (Kosasa et al.), 116

-releasing hormone radioimmunoassay and its measurement in normal human plasma, secondary amenorrhea, and postmenopausal syndrome (Rosenblum and Schlaff), 340

Gravid women, normal and hypertensive, and their newborn infants, erythrocyte 2,3-diphosphoglycerate in (Weiss et al.), 692

Gray scale echography, placental aging monitored by (Fisher, Garrett, and Kossoff), 483

ultrasonic scan, compound, simple geometric method for determining fetal weight in utero with (Picker and Saunders), 493

Growth retardation, intrauterine, diagnostic ultrasound for detection of (Queenan et al.), 865

hyperfibrinogenemia and polycythemia with, in fetal lambs (Pickart, Creasy, and Thaler), 268

Gynecologic cancer(s), immunotherapy and chemotherapy of (Pattillo), 808

programmed chemotherapy for, cell kinetics and. I. Squamous-cell carcinoma (Averette et al.), 912

patient, primary adenocarcinoma of vermiform appendix in (Fichera et al.), 663 (Comm. in brief)

Gynecology device classification report, FDA obstetrics- (Thompson et al.), 557 (Clinical opinion)

obstetrics and, department of, improvement of faculty teaching performance in, by student evaluation (Sall et al.), 217

H

Head, hyperextended fetal, management of (Daw), 113 (Clinical opinion)

Heart rate, effects of spontaneous and induced changes of, on right and left ventricular output: Cardiac output in fetal lamb (Rudolph and Heymann), 183

Hemorrhage, ovarian, complicating warfarin sodium anticoagulant therapy (Matseoane, Batts, and Mandeville), 766 (Current investigation)

Heroin-addicted pregnant women, methadone-managed and, and their newborn infants, cytogenetics of (Amarose and Norusis), 635

Hirsute women, effectiveness of two oral contraceptives in suppressing plasma androstenedione, testosterone, LH, and FSH, and in stimulating plasma testosterone-binding capacity in (Givens et al.), 333

Histochemistry, transmission electron microscopy and, II. Studies on cytodynamics of human endometrial regeneration (Ferenczy), 582

Histogenetic considerations and ultrastructural findings, report of five cases with: Epidermoid cysts of ovary (Nogales and Silverberg), 523

Histologic characteristics of cells cultured from rat placental tissue (Ferguson and Palm), 415

Histopathologic findings, early: Maternal midtrimester sepsis in association with intrauterine contraceptive device (Biggerstaff et al.), 207 (Comm. in brief)

Hormonal studies in pregnancy. I. Total unconjugated estrogens in maternal peripheral vein, cord vein, and cord artery serum at delivery (Sarda and Gorwill), 234

Hormone (LH), luteinizing, FSH, androstenedione, and testosterone, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333

-releasing hormone (LH-RH) stimulation in women, plasma levels of norepinephrine (NE) during periovulatory period and after (Rosner et al.), 567

-releasing hormone (LHRH), pituitary responses to, in postpartum periods (Friedman et al.), 75

radioimmunoassay, gonadotropin-releasing, and its measurement in normal human plasma, secondary amenorrhea, and postmenopausal syndrome (Rosenblum and Schlaff), 340

Hospital, community, primary care nurse in: Frontier Nursing Service (Browne and Isaacs), 14

Hydatidiform mole vesicles, immunoglobulins and beta-1-C globulin in (Márquez-Monter et al.), 406

Hyperextended fetal head, management of (Daw), 113 (Clinical opinion)

Hyperfibrinogenemia and polycythemia with intrauterine growth retardation in fetal lambs (Pickart, Creasy, and Thaler), 268

Hyperglycemia and hypoglycemia (abnormal glucose tolerance) and estriol excretion, association between, in pregnancy (Abell et al.), 388

Hyperosmolar urea administered by intra-amniotic, intravenous, and intraperitoneal routes, comparative effects of, in rhesus monkeys (Blake et al.), 239

intra-amniotically administered, pharmacokinetics of, in rhesus monkeys (Blake et al.), 245

Hypertension, hypotension, and naturesis, induced, acute effects of, in normal and hypertensive pregnancies, IV. Metabolic clearance rate of dehydroisoandrosterone sulfate (Gant et al.), 143

Hypertensive gravid women, normal and, and their newborn infants, erythrocyte 2,3-diphosphoglycerate in (Weiss et al.), 692

pregnancies, normal and, acute effects of induced hypertension, hypotension, and naturesis in, IV. The metabolic clearance rate of dehydroisoandrosterone sulfate (Gant et al.), 143

Hypoglycemia and hyperglycemia (abnormal glucose tolerance) and estriol excretion, association between, in pregnancy (Abell et al.), 388

Hypotension, naturessis, and hypertension, induced, acute effects of, in normal and hypertensive pregnancies, IV. Metabolic clearance rate of dehydroisandrosterone sulfate (Gant et al.), 143

Hysterectomy, elective cesarean: 5 year comparison with cesarean section (Barclay et al.), 900

Hysterosalpingography, radiation exposure of ovaries during (Sheikh and Yussman), 307

Hysteroscopy, carbon dioxide (Bartsch and Dillon), 746
Diagnosis and treatment (Lindemann and Mohr), 129

I

ICI 81008, progesterone, prostaglandin $F_{2\alpha}$ and its analogue, effects of, on excitability and threshold of uterus (Csapo), 367

Immunization program, rubella, unresolved issues in first five years of (Siegel), 327 (Clinical opinion)

Immunoglobulins and beta-1-C globulin in hydatidiform mole vesicles (Márquez-Monter et al.), 406

Immunosuppression, prophylactic Rh, effectiveness of, after transfusion with D-positive blood (Bowman), 80

Immunotherapy and chemotherapy of gynecologic cancers (Pattillo), 808

Implantation, effects on, cyclic adenosine monophosphate-induced changes in surface morphology of diapausing blastocysts and (Holmes and Bergström), 301

Incompetent cervix, placenta previa in association with (Ringrose), 659 (Comm. in brief)

Incubation methods, 48 hour and six-day, comparison between gonadotropin radioimmunoassays with use of (Kosasa et al.), 116

Indomethacin induces rat uterine contractions in vitro and alters reactivity to calcium and acetylcholine (Hargrove et al.), 25

Induced changes, cyclic adenosine monophosphate-, in surface morphology of diapausing blastocysts and effects on implantation (Holmes and Bergström), 301

spontaneous and, of heart rate, effects of, on right and left ventricular output: Cardiac output in fetal lamb (Rudolph and Heymann), 183

hypertension, hypotension, and naturessis, acute effects of, in normal and hypertensive pregnancies, IV. Metabolic clearance rate of dehydroisandrosterone sulfate (Gant et al.), 143

midtrimester abortion, influence of aspirin on course of (Niebyl et al.), 607

Infant(s), high-risk premature, rapid infusion of sodium bicarbonate and albumin into, soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263

scalp, development of special electrode for continuous subcutaneous pH measurement in (Stamm et al.), 183

sheep, neonatal and, effects of fasting and theophylline on alanine-stimulated glucagon secretion in (Fiser et al.), 421

their newborn, cytogenetics of methadone-managed and heroin-addicted pregnant women and (Amarose and Norusis), 635

normal and hypertensive gravid women and, erythrocyte 2,3-diphosphoglycerate in (Weiss et al.), 692

Infection, puerperal, in antibiotic era (Gibbs and Weinstein), 769 (Current developments)

second-trimester spontaneous abortion, IUD, and (Eisinger), 393

Infertile women with ovarian dysfunction, clomiphene citrate on serum prolactin in (Seki et al.), 125

Infertility following wedge resection of ovaries (Toaff, Toaff, and Peyser), 92

Infusion, rapid, of sodium bicarbonate and albumin into high-risk premature infants soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263

Injections, serial intramuscular, of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$, luteolytic and abortifacient effects of, in early pregnancy (Lauersen and Wilson), 425 (Current investigation)

termination of midtrimester pregnancy by (Lauersen and Wilson), 169

Instruments, two new laparoscopic: Bipolar sterilizing forceps and uterine manipulator (Corson), 434 (Comm. in brief)

Internal fetal monitoring, slowing of active labor associated with (Sokol, Zador, and Rosen), 764 (Current investigation)

Intersex patients with Y chromosome, age of occurrence of gonadal tumors in (Manuel, Katayama, and Jones), 293

Intra-amniotic, intravenous, and intraperitoneal routes, comparative effects of hyperosmolar urea administered by, in rhesus monkeys (Blake et al.), 239

Intra-amniotically administered hyperosmolar urea, pharmacokinetics of, in rhesus monkeys (Blake et al.), 245

Intramuscular injections, serial, of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$, luteolytic and abortifacient effects of, in early pregnancy (Lauersen and Wilson), 425 (Current investigation)

termination of midtrimester pregnancy by (Lauersen and Wilson), 169

Intrapartum fetal monitoring, unusual complication of (Akhter), 657 (Comm. in brief)

Intraperitoneal, intra-amniotic, and intravenous routes, comparative effects of hyperosmolar urea administered by, in rhesus monkeys (Blake et al.), 239

Intrauterine contraceptive device (IUD), infection, and second-trimester spontaneous abortion (Eisinger), 393

investigation of effects of, based on longitudinal study of self-selected sample of Barbadian women (Barron, Weinstein, and Richart), 723

maternal midtrimester sepsis in association with: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)

new long-acting copper: Copper T 220C (Cooper, Millen, and Mishell), 121

growth retardation, diagnostic ultrasound for detection of (Queenan et al.), 865

hyperfibrinogenemia and polycythemia with, in fetal lambs (Pickart, Creasy, and Thaler), 268

Intravascular coagulation in obstetrics: Serial dilution protamine sulfate test throughout labor (Arocha Piñango et al.), 18

Intravenous, intraperitoneal, and intra-amniotic routes, comparative effects of hyperosmolar urea administered by, in rhesus monkeys (Blake et al.), 239

Isoimmune neonatal thrombocytopenia, management of (Sitarz, Driscoll, and Wolff), 39

Items, 111-112, 324-326, 555-556, 788-804

IUD, infection, and second-trimester spontaneous abortion (Eisinger), 393

K

Kinetics, cell, and programmed chemotherapy for gynecologic cancer.
1. Squamous-cell carcinoma (Averette et al.), 912

L

Labor, active, slowing of, associated with internal fetal monitoring (Sokol, Zador, and Rosen), 764 (Current investigation)

premature, comparison of two glucocorticoid regimens for acceleration of fetal lung maturation in (Whitt et al.), 479

serial dilution protamine sulfate test throughout: Intravascular coagulation in obstetrics (Arocha Piñango et al.), 18

Lactogen, human placental, purification of naturally occurring antibody to, by affinity chromatography (Iannuzzi, Gusdon, and Herbst), 489

Laparoscopic instruments, two new: Bipolar sterilizing forceps and uterine manipulator (Corson), 434 (Comm. in brief)

tubal sterilization, culdoscopy and, comparison of (Koetsawang et al.), 601

Laparoscopy with local anesthesia, ventilatory and blood gas changes during (Brown et al.), 741

Le Fort operation, ovarian malignancy subsequent to (Sudo, Goldberg, and Sall), 210 (Comm. in brief)

Learning, goal of—to be enlightened (Hunter), 805

LH, FSH, androstenedione, and testosterone, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333

-RH stimulation in women, plasma levels of norepinephrine (NE) during periovulatory period and after (Rosner et al.), 567

Ligation, incidental tubal, at time of cholecystectomy, new technique for (Richards), 658 (Comm. in brief)

Local anesthesia, ventilatory and blood gas changes during laparoscopy with (Brown et al.), 741

anesthetic agents, effects of, on uterine vasculatures and myometrium (Greiss, Still, and Anderson), 889

LRH, pituitary responses to, in postpartum periods (Friedman et al.), 75

Lung maturation, fetal, comparison of two glucocorticoid regimens for acceleration of, in premature labor (Whitt et al.), 479

- Luteinizing hormone (LH), FSH, androstenedione, and testosterone, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333
- releasing hormone (LH-RH) stimulation in women, plasma levels of norepinephrine (NE) during periovulatory period and after (Rosner et al.), 567
- (LH), pituitary responses to, in postpartum periods (Friedman et al.), 75
- Luteolytic and abortifacient effects of serial intramuscular injections of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ in early pregnancy (Lauersen and Wilson), 425 (Current investigation)
- M**
- Malignancy, ovarian, subsequent to Le Fort operation (Sudo, Goldberg, and Sall), 210 (Comm. in brief)
- Mammography, developments in (Wolfe), 312 (Current developments)
- Maternal bleeding during gestation and congenital anomalies in offspring, association between (Ornoy et al.), 474
- disseminated coccidioidomycosis, fatal, in nonendemic area (Van Bergen, Fleury, and Cheate), 661 (Comm. in brief)
- endotoxemia, fetal anomalies, and central nervous system damage: Rat model of human problem (Ornoy and Alshuler), 196
- midtrimester sepsis in association with intrauterine contraceptive device: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)
- mortality rates in eclampsia (López-Llera, Rubio Linares, and Hernández-Horta), 149
- peripheral vein, cord vein, and cord artery serum, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- plasma, effect of ampicillin administration on estradiol, estriol, and cortisol levels in, and on estriol levels in urine (Sybulski and Maughan), 379
- tissues, trophoblast and, interactions of, in three closely related primate species (Ramsey, Houston, and Harris), 647
- treatment with phenobarbital, inhibition of pulmonary maturation in fetal rabbit by (Karotkin et al.), 529 (Current investigation)
- undernutrition, placental morphometric and morphologic alterations in (Murthy, Agarwal, and Khanna), 641
- venous and umbilical cord arterial and venous serum, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471
- Maturation, fetal lung, comparison of two glucocorticoid regimens for acceleration of, in premature labor (Whitt et al.), 479
- pulmonary, in fetal rabbit, inhibition of, by maternal treatment with phenobarbital (Karotkin et al.), 529 (Current investigation)
- Melanoma, amelanotic, metastatic to placenta (Sokol et al.), 431 (Comm. in brief)
- Melanosis, benign, of vagina and cervix (Tsukada), 211 (Comm. in brief)
- Membrane(s) dynamics, fetal (Scoggin), 825
- premature rupture of, and respiratory distress syndrome, relationship between (Berkowitz, Bonta, and Warshaw), 712
- Metabolic clearance rate of dehydroisoandrosterone sulfate. IV. Acute effects of induced hypertension, hypotension, and naturesis in normal and hypertensive pregnancies (Gant et al.), 143
- Metabolism, testosterone, in endometrial cancer (Calanog et al.), 60
- Metal excretion, rhythmic urinary, effect of oral contraceptives on (Weinmann et al.), 719
- Metastatic to placenta, amelanotic melanoma (Sokol et al.), 431 (Comm. in brief)
- Methadone, effect of, on fetal brain function (Mann et al.), 699
- managed and heroin-addicted pregnant women and their newborn infants, cytogenetics of (Amarose and Norusis), 635
- Methyl-prostaglandin $F_{2\alpha}$, 15(S)-15-, luteolytic and abortifacient effects of serial intramuscular injections of, in early pregnancy (Lauersen and Wilson), 425 (Current investigation)
- methyl ester, vaginally administered outpatient postconception fertility control with (Bygdeman et al.), 493
- termination of midtrimester pregnancy by serial intramuscular injections of (Lauersen and Wilson), 169
- Microscopy, scanning electron, I. Studies on cytodynamics of human endometrial regeneration (Ferency), 64

- Microscopy—Cont'd
- transmission electron, and histochemistry, II. Studies on cytodynamics of human endometrial regeneration (Ferency), 582
- Midtrimester abortion, induced, influence of aspirin on course of (Niebyl et al.), 607
- pregnancy (pregnancies), fetal blood sampling in (Golbus, Kan, and Naglich-Craig), 653 (Current investigation)
- termination of, by serial intramuscular injections of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ (Lauersen and Wilson), 169
- sepsis, maternal, in association with intrauterine contraceptive device: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)
- Midwives, certified nurse-, effectiveness of (Slome et al.), 177
- Mole vesicles, hydatidiform, immunoglobulins and beta-1-C globulin in (Márquez-Monter et al.), 406
- Monitored by gray scale echography, placental aging (Fisher, Garrett, and Kossoff), 483
- Monitoring, internal fetal, slowing of active labor associated with (Sokol, Zador, and Rosen), 764 (Current investigation)
- intrapartum fetal, unusual complication of (Akhter), 657 (Comm. in brief)
- Monomer complexes, soluble fibrin, amount and distribution pattern of, during early puerperium (Graeff et al.), 21
- Monophosphate-induced changes, cyclic adenosine, in surface morphology of diapausing blastocysts and effects on implantation (Holmes and Bergström), 301
- Morphologic alterations, placental morphometric and, in maternal undernutrition (Murthy, Agarwal, and Khanna), 641
- Morphology, surface, of diapausing blastocysts, cyclic adenosine monophosphate-induced changes in, and effects on implantation (Holmes and Bergström), 301
- Morphometric and morphologic alterations, placental, in maternal undernutrition (Murthy, Agarwal, and Khanna), 641
- Mortality rates, maternal, in eclampsia (López-Llera, Rubio Linares, and Hernández Horta), 149
- Myometrium, uterine vasculatures and, effects of local anesthetic agents on (Greiss, Stüll, and Anderson), 889

N

- Naturesis, hypertension, and hypotension, induced, acute effects of, in normal and hypertensive pregnancies, IV. Metabolic clearance rate of dehydroisoandrosterone sulfate (Gant et al.), 143
- NE (norepinephrine), plasma levels of, during periovulatory period and after LH-RH stimulation in women (Rosner et al.), 567
- Neonatal and infant sheep, effects of fasting and theophylline on alanine-stimulated glucagon secretion in (Fiser et al.), 421
- thrombocytopenia, isoimmune, management of (Sitars, Driscoll, and Wolff), 39
- Neonate, chlorthalidone withdrawal in (Athinarayanan et al.), 212 (Comm. in brief)
- Nervous system damage, central, maternal endotoxemia, and fetal anomalies: Rat model of human problem (Ornoy and Alshuler), 196
- Neurohormonal control of gonadotropic secretion in primates (Vande Wiele), 832
- Newborn infants, their, cytogenetics of methadone-managed and heroine-addicted pregnant women and (Amarose and Norusis), 635
- normal and hypertensive gravid women and, erythrocyte 2,3-diphosphoglycerate in (Weiss et al.), 692
- Norepinephrine (NE), plasma levels of, during periovulatory period and after LH-RH stimulation in women (Rosner et al.), 567
- vanillylmandelic acid, and epinephrine, free, changes in evolution of, in urine of rabbits during late pregnancy and parturition (Parvez and Parvez), 222
- Nuclear chromatin determination in amniotic fluid cells for prenatal sex prediction in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)
- Nurse-midwives, certified, effectiveness of (Slome et al.), 177
- primary care, in community hospital: Frontier Nursing Service (Browne and Isaacs), 14
- Nursing Service, Frontier: Primary care nurse in community hospital (Browne and Isaacs), 14

O

- Obstetrician's role in reducing risk of aspiration pneumonitis (Roberts and Shirley), 611
- Obstetrics and gynecology, department of, improvement of faculty teaching performance in, by student evaluation (Sall et al.), 217
- device classification report, FDA (Thompson et al.), 557 (Clinical opinion)
- intravascular coagulation in: Serial dilution protamine sulfate test throughout labor (Arocha Piñango et al.), 18
- Offspring, congenital anomalies in, association between maternal bleeding during gestation and (Ornoy et al.), 474
- Operation, Le Fort, ovarian malignancy subsequent to (Sudo, Goldberg, and Sall), 210 (Comm. in brief)
- Oral contraceptives, effect of, on rhythmic urinary metal excretion (Weinmann et al.), 719
- quantitative study of pregnancy zone protein in sera of women taking (Damber et al.), 289
- two, effectiveness of, in suppressing plasma androstenedione, testosterone, LH, and FSH, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333
- Osmolality, amniotic fluid, in pregnancies complicated by diabetes (Bailey et al.), 257
- Outpatient postconceptional fertility control with vaginally administered 15(S)15-methyl-PGF_{2α}-methyl ester (Bygdeman et al.), 493
- Ovarian dysfunction, clomiphene citrate on serum prolactin in infertile women with (Seki et al.), 125
- hemorrhage complicating warfarin sodium anticoagulant therapy (Matseane, Batts, and Mandeville), 766 (Current investigation)
- malignancy subsequent to Le Fort operation (Sudo, Goldberg, and Sall), 210 (Comm. in brief)
- temperature, periovulatory changes in, in ewes (Benoit et al.), 356
- Ovary (ovaries), adult hamster, in vitro ovulation from (Baranczuk and Fainstat), 517
- epidermoid cysts of: Report of five cases with histogenetic considerations and ultrastructural findings (Nogales and Silverberg), 523
- infertility following wedge resection of (Toaff, Toaff, and Peyser), 92
- radiation exposure of, during hysterolalpingography (Sheikh and Yussman), 307
- syndrome, polycystic, endometrial adenocarcinoma and (Wood and Boronow), 140
- Oviducts of individual rabbits, rate of transport of radioactive ovum models through (Pauerstein and Hodgson), 840
- Ovulation, in vitro, from adult hamster ovary (Baranczuk and Fainstat), 517
- Ovum models, radioactive, rate of transport of, through oviducts of individual rabbits (Pauerstein and Hodgson), 840

P

- Papanicolaou screening, mass, and cytologic observations of teen-age girls, experience in (Fields, Restivo, and Brown), 730
- smears, incidence of cervical cancer in perimenopausal and postmenopausal women detected by (Neighbor and Newman), 348
- Paramarriage, adolescent sexuality and (Montgomery), 818
- Parturient women colonized with group B streptococci, antibiotic treatment of (Hall et al.), 630
- Parturition, late pregnancy and, changes in evolution of free epinephrine, norepinephrine, and vanillylmandelic acid in urine of rabbits during (Parvez and Parvez), 222
- Pathogenesis, their frequency and: Coagulation changes in eclampsia (Pritchard, Cunningham, and Mason), 855
- Pelvic cancer surgery, vascular injuries in (Bergan, Dean, and Yao), 562
- surgery, radical, ureterovaginal fistula as complication of (Macasaet, Lu, and Nelson), 757
- Perforated Dalkon shield, peritoneal-cutaneous fistula secondary to (Slaughter and Morris), 206 (Comm. in brief)
- Perimenopausal and postmenopausal women, incidence of cervical cancer in, detected by Papanicolaou smears (Neighbor and Newman), 348
- Periovulatory changes in ovarian temperature in ewes (Benoit et al.), 356
- period, plasma levels of norepinephrine (NE) during, and after LH-RH stimulation in women (Rosner et al.), 567
- Peripheral vein, maternal, cord vein, and cord artery serum, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- Peritoneal-cutaneous fistula secondary to perforated Dalkon shield (Slaughter and Morris), 206 (Comm. in brief)
- PGF_{2α}-methyl ester, 15 (S)15-methyl-, vaginally administered, outpatient postconceptional fertility control with (Bygdeman et al.), 493
- pH measurement, continuous subcutaneous, in infant scalp, development of special electrode for (Stamm et al.), 183
- Pharmacokinetics of intra-amniotically administered hyperosmolar urea in rhesus monkeys (Blake et al.), 245
- Phenobarbital, inhibition of pulmonary maturation in fetal rabbit by maternal treatment with (Karotkin et al.), 529 (Current investigation)
- Pituitary responses to LRH in postpartum periods (Friedman et al.), 75
- Placenta, amelanotic melanoma metastatic to (Sokol et al.), 431 (Comm. in brief)
- previa in association with incompetent cervix (Ringrose), 659 (Comm. in brief)
- Placental aging monitored by gray scale echography (Fisher, Garrett, and Kossoff), 483
- lactogen, human, purification of naturally occurring antibody to, by affinity chromatography (Iannuzzi, Gusdon, and Herbst), 489
- morphometric and morphologic alterations in maternal undernutrition (Murthy, Agarwal, and Khanna), 641
- protein, serum levels of, during gestation in baboon (Stevens, Bohn, and Powell), 51
- ratio in white and black women: Relation to smoking and anemia (Wingerd et al.), 671
- sulfatase deficiency, diagnosis of (Tabei and Heinrichs), 409
- tissue, rat, histologic characteristics of cells cultured from (Ferguson and Palm), 415
- transfer of clindamycin and gentamicin in term pregnancy (Weinstein, Gibbs, and Gallagher), 688
- Plasma androstenedione, testosterone, LH, and FSH, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333
- levels of estradiol and progesterone, correlation between catecholamine content of human Fallopian tube and uterus and (Dujovne et al.), 229
- of norepinephrine (NE) during periovulatory period and after LH-RH stimulation in women (Rosner et al.), 567
- maternal, effect of ampicillin administration on estradiol, estril, and cortisol levels in, and on estril levels in urine (Sybalski and Maughan), 379
- normal human, secondary amenorrhea, and postmenopausal syndrome, gonadotropin-releasing hormone radioimmunoassay and its measurement in (Rosenblum and Schlaff), 340
- pregnancy, normal concentrations, diurnal and/or episodic variations, and day-to-day changes of unconjugated and total estril in, IV: Estril in pregnancy (Katagiri et al.), 272
- proteins, human pregnancy-associated, during postpartum period (Lin et al.), 382
- Pneumonitis, aspiration, obstetrician's role in reducing risk of (Roberts and Shirley), 611
- Polycystic ovary syndrome, endometrial adenocarcinoma (Wood and Boronow), 140
- Polycythemia, hyperfibrinogenemia and, with intrauterine growth retardation in fetal lambs (Pickart, Creasy, and Thaler), 268
- Postcoital test, fractional, interpretation and significance of (Tredway), 352
- Postconceptional fertility control, outpatient, with vaginally administered 15(S)15-methyl-PGF_{2α}-methyl ester (Bygdeman et al.), 493
- Postmenopausal syndrome, normal human plasma, and secondary amenorrhea, gonadotropin-releasing hormone radioimmunoassay and its measurement in (Rosenblum and Schlaff), 340
- women, perimenopausal and, incidence of cervical cancer in, detected by Papanicolaou smears (Neighbor and Newman), 348

- Postpartum period(s), human pregnancy-associated plasma proteins during (Lin et al.), 382
- pituitary responses to LRH in (Friedman et al.), 75
- Potassium, inhibition of spontaneous contractility of human and rabbit Fallopian tube by (Johns, Molnar, and Paton), 506
- Precinical carcinoma of cervix uteri, cytology and colposcopy in diagnosis and management of: Learning experience (Tovell, Banogan, and Nash), 924
- Pregnancy (pregnancies), association between abnormal glucose tolerance (hyperglycemia and hypoglycemia) and estriol excretion in (Abell et al.), 388
- associated plasma proteins, human, during postpartum period (Lin et al.), 382
- with bilateral ruptured benign cystic teratomas (Mehra et al.), 361
- complicated by diabetes, amniotic fluid osmolality in (Bailey et al.), 257
- early, luteolytic and abortifacient effects of serial intramuscular injections of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ in (Lauersen and Wilson), 425 (Current investigation)
- estriol in. IV. Normal concentrations, diurnal and/or episodic variations, and day-to-day changes of unconjugated and total estriol in late pregnancy plasma (Katagiri et al.), 272
- following 29 cycles of clomiphene citrate therapy: Case report (March, Israel, and Mishell), 309 (Comm. in brief)
- hormonal studies in. I. Total unconjugated estrogens in maternal peripheral vein, cord vein, and cord artery serum at delivery (Sarda and Gorwill), 234
- late, and parturition, changes in evolution of free epinephrine, norepinephrine, and vanillylmandelic acid in urine of rabbits during (Parvez and Parvez), 222
- midtrimester, fetal blood sampling in (Golbus, Kan, and Naglich-Craig), 653 (Current investigation)
- termination of, by serial intramuscular injections of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ (Lauersen and Wilson), 169
- normal and anencephalic, significance of urinary free cortisol and progesterone in (Chattoraj et al.), 848
- and hypertensive, acute effects of induced hypertension, hypotension, and naturesis, in. IV. The metabolic clearance rate of dehydroisandrosterone sulfate (Gant et al.), 143
- self-limited acute defibrination in: Case report (Kates and Schiffrin), 432 (Comm. in brief)
- term, placental transfer of clindamycin and gentamicin in (Weinstein, Gibbs, and Gallagher), 688
- termination of, with double prostaglandin impact (Csapo et al.), 1
- third trimester of, double-blind investigation into the effects of ritodrine on uterine blood flow during (Brettes, Renaud, and Gandar), 164
- unusual twin, in double uterus (Zervoudakis, Lauersen, and Saary), 659 (Comm. in brief)
- zone protein, quantitative study of, in sera of women taking oral contraceptives (Damber et al.), 289
- Pregnant ewe(s), effect(s) of epinephrine on distribution of blood flow in (Rosenfeld, Barton, and Meschia), 156
- of estradiol-17 β on blood flow to reproductive and nonreproductive tissues in (Rosenfeld et al.), 618
- mice, teratogenic effects of ethyl alcohol administered to (Kronick), 676
- rabbit, production of experimental toxemia in (Abitbol et al.), 460
- women, methadone-managed and heroin-addicted, and their newborn infants, cytogenetics of (Amarose and Norusis), 635
- Premature infants, high-risk, rapid infusion of sodium bicarbonate and albumin into, soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263
- labor, comparison of two glucocorticoid regimens for acceleration of fetal lung maturation in (Whitt et al.), 479
- rupture of membranes and respiratory distress syndrome, relationship between (Berkowitz, Bonta, and Warsaw), 712
- Prenatal betamethasone load and delivery, cortisol in amniotic fluid and cord blood in relation to (Gennser, Ohlander, and Eneroth), 43
- sex prediction, nuclear chromatin determination in amniotic fluid cells for, in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)
- Previa, placenta, in association with incompetent cervix (Ringrose), 659 (Comm. in brief)
- Primiparous patients, 100, quantitation of uterine activity in (Miller et al.), 398
- Progesterone, estradiol and, plasma levels of, correlation between catecholamine content of human Fallopian tube and uterus and (Dujovne et al.), 229
- prostaglandin $F_{2\alpha}$ and its analogue ICI 81008, effects of, on excitability and threshold of uterus (Csapo), 367
- urinary free cortisol and, significance of, in normal and anencephalic pregnancy (Chattoraj et al.), 848
- Prolactin concentrations, serum, in women treated with chlor-madinone acetate (Beck and Malarkey), 578
- serum, clomiphene citrate on, in infertile women with ovarian dysfunction (Seki et al.), 125
- Prostaglandin $F_{2\alpha}$ and its analogue ICI 81008, progesterone and, effects of, on excitability and threshold of uterus (Csapo), 367
- 15(S)-15-methyl-, luteolytic and abortifacient effects of serial intramuscular injections of, in early pregnancy (Lauersen and Wilson), 425 (Current investigation)
- methyl ester, vaginally administered, outpatient postconceptional fertility control with (Bygdeman et al.), 493
- termination of midtrimester pregnancy by serial intramuscular injections of (Lauersen and Wilson), 169
- impact, double, termination of pregnancy with (Csapo et al.), 1
- Protamine sulfate test, serial dilution, throughout labor: Intravascular coagulation in obstetrics (Arocha Piñango et al.), 18
- Protein(s), human pregnancy-associated plasma during postpartum period (Lin et al.), 382
- placental, serum levels of, during gestation in baboon (Stevens, Bohn, and Powell), 51
- pregnancy zone, quantitative study of, in sera of women taking oral contraceptives (Damber et al.), 289
- Psychometric testing as basis for counseling patients choosing method of contraception (Brooks and Butcalis), 85
- Puerperal infection in antibiotic era (Gibbs and Weinstein), 769 (Current developments)
- Puerperium, early, amount and distribution pattern of soluble fibrin monomer complexes during (Graeff et al.), 21
- Pulmonary maturation in fetal rabbit, inhibition of, by maternal treatment with phenobarbital (Karotkin et al.), 529 (Current investigation)
- Purification of naturally occurring antibody to human placental lactogen by affinity chromatography (Iannuzzi, Gusdon, and Herbst), 489

R

- Radiation exposure of ovaries during hysterosalpingography (Sheikh and Yussman), 307
- Radioactive ovum models, rate of transport of, through oviducts of individual rabbits (Pauerstein and Hodgson), 840
- Radioimmunoassay(s), gonadotropin-releasing hormone, and its measurement in normal human plasma, secondary amenorrhea, and postmenopausal syndrome (Rosenblum and Schlaff), 340
- with use of 48 hour and six-day incubation methods, comparison between (Kosasa et al.), 116
- Regeneration, human endometrial, studies on cytodynamics of. I. Scanning electron microscopy (Ferency), 64
- II. Transmission electron microscopy and histochemistry (Ferency), 582
- Releasing hormone, luteinizing hormone-, (LH-RH) stimulation, in women, plasma levels of norepinephrine (NE) during periovulatory period and after (Rosner et al.), 567
- (LRH), pituitary responses to, in postpartum periods (Friedman et al.), 75
- radioimmunoassay, gonadotropin-, and its measurement in normal human plasma, secondary amenorrhea, and postmenopausal syndrome (Rosenblum and Schlaff), 340
- Reproductive and nonreproductive tissues, effect of estradiol-17 β on blood flow to, in pregnant ewes (Rosenfeld et al.), 618
- Resection, wedge, of ovaries, infertility following (Toaff, Toaff, and Peyser), 92
- Respiratory distress syndrome, premature rupture of membranes and, relationship between (Berkowitz, Bonta, and Warsaw), 712
- Retardation, intrauterine growth, diagnostic ultrasound for detection of (Queenan et al.), 865
- hyperfibrinogenemia and polycythemia with, in fetal lambs (Pickart, Creasy, and Thaler), 268

Retractor, new self-retaining vaginal (Wexler), 436 (Comm. in brief)

Rh immunosuppression, prophylactic, effectiveness of, after transfusion with D-positive blood (Bowman), 80

Risk, high, for low-birth-weight delivery, patients at (Kaltreider and Johnson), 251

premature infants, rapid infusion of sodium bicarbonate and albumin into, soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263

Ritodrine, double-blind investigation into effects of, on uterine blood flow during third trimester of pregnancy (Brettes, Renaud, and Gandar), 164

Roster of American obstetrical and gynecological societies, 108

Rubella immunization program, unresolved issues in first five years of (Siegel), 327 (Clinical opinion)

Rupture, premature, of membranes and respiratory distress syndrome, relationship between (Berkowitz, Bonta, and Warshaw), 712

Ruptured benign cystic teratomas, bilateral, pregnancy with (Mehra et al.), 361

S

Scalp, infant, development of special electrode for continuous subcutaneous pH measurement in (Stamm et al.), 183

Scan, compound gray scale ultrasonic, simple geometric method for determining fetal weight in utero with (Picker and Saunders), 493

Scanning electron microscopy, I. Studies on cytodynamics of human endometrial regeneration (Ferency), 64

Screening, antenatal, prognostic value of (Walker), 30

mass Papanicolaou, and cytologic observations of teen-age girls, experience in (Fields, Restivo, and Brown), 730

Secondary amenorrhea, postmenopausal syndrome, and normal human plasma, gonadotropin-releasing hormone radioimmunoassay and its measurement in (Rosenblum and Schlaff), 340

Secretion, alanine-stimulated glucagon, effects of fasting and theophylline on, in neonatal and infant sheep (Fiser et al.), 421

gonadotropic, neurohormonal control of, in primates (Vande Wiele), 832

Section, cesarean, 5 year comparison with: Elective cesarean hysterectomy (Barclay et al.), 900

Sepsis, maternal midtrimester, in association with intrauterine contraceptive device: Early histopathologic findings (Biggerstaff et al.), 207 (Comm. in brief)

Serum (sera) levels of placental protein during gestation in baboon (Stevens, Bohn, and Powell), 51

maternal peripheral vein, cord vein, and cord artery, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234

venous and umbilical cord arterial and venous, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471

prolactin, clomiphene citrate on, in infertile women with ovarian dysfunction (Seki et al.), 125

concentrations in women treated with chlormadinone acetate (Beck and Marlarkey), 578

of women taking oral contraceptives, quantitative study of pregnancy zone protein in (Damber et al.), 289

Sex prediction, prenatal, nuclear chromatin determination in amniotic fluid cells for, in macaque (Herbst, Taft, and Robboy), 761 (Current investigation)

Sexuality, adolescent, and paramarriage (Montgomery), 818

Shield, perforated Dalkon, peritoneal-cutaneous fistula secondary to (Slaughter and Morris), 206 (Comm. in brief)

Siblings, two, gonadal dysgenesis in (Fleishman, Berlin, and Dana), 308 (Comm. in brief)

Situ, carcinoma in, cervical dysplasia and, contraceptive choice and prevalence of (Ory et al.), 573

dysplasia and, of uterine cervix: Prevalence in very young women (under age 22) (Snyder et al.), 751

of vagina following treatment for carcinoma of cervix: Distinctive clinical entity (Geelhoed et al.), 510

Smears, Papanicolaou, incidence of cervical cancer in perimenopausal and postmenopausal women detected by (Neighbor and Newman), 348

Smoking and anemia, relation to: Placental ratio in white and black women (Wingerd et al.), 671

Sodium anticoagulant therapy, warfarin, ovarian hemorrhage complicating (Matseane, Batts, and Mandeville), 766 (Current investigation)

bicarbonate and albumin, rapid infusion of, into high-risk premature infants soon after birth: Controlled, prospective trial (Bland, Clarke, and Harden), 263

Soluble fibrin monomer complexes, amount and distribution pattern of, during early puerperium (Graeff et al.), 21

Species, three closely related primate, interactions of trophoblast and maternal tissues in (Ramsey, Houston, and Harris), 647

Spontaneous abortion, second-trimester, IUD, and infection (Eisinger), 393

Squamous-cell carcinoma, I. Cell kinetics and programmed chemotherapy for gynecologic cancer (Averette et al.), 912

Sterilization, culdosopic and laparoscopic tubal, comparison of (Koetsawang et al.), 601

Sterilizing forceps, bipolar, and uterine manipulator: Two new laparoscopic instruments (Corson), 434 (Comm. in brief)

Strangulation of umbilical cord by amniotic band (Burrows and Phillips), 697

Streptococci, group B, antibiotic treatment of parturient women colonized with (Hall et al.), 630

Student evaluation, improvement of faculty teaching performance in department of obstetrics and gynecology by (Sall et al.), 217

Subcutaneous pH measurement, continuous, in infant scalp, development of special electrode for (Stamm et al.), 183

Sulfate deficiency, placental, diagnosis of (Tabei and Heinrichs), 409

Sulfate, dehydroisoandrosterone, metabolic clearance rate of, IV. Acute effects of induced hypertension, hypotension, and naturesis in normal and hypertensive pregnancies (Gant et al.), 143

test, serial dilution protamine, throughout labor: Intravascular coagulation in obstetrics (Arocha Piñango et al.), 18

Summary of analysis of published articles, 445 (Editorial)

Surgery, pelvic cancer, vascular injuries in (Bergan, Dean, and Yao), 562

radical pelvic, ureterovaginal fistula as complication of (Macasaet, Lu, and Nelson), 757

Surgical treatment, results of: Infiltrative carcinoma of vulva (Morley), 874

Swyer's syndrome (pure gonadal dysgenesis with XY chromosomal constitution): Report of two cases (Bruneteau et al.), 55

Syndrome, polycystic ovary, endometrial adenocarcinoma and (Wood and Boronow), 140

postmenopausal, normal human plasma, and secondary amenorrhea, gonadotropin-releasing hormone radioimmunoassay and its measurement in (Rosenblum and Schlaff), 340

respiratory distress, premature rupture of membranes and, relationship between (Berkowitz, Bonta, and Warshaw), 712

Swyer's (pure gonadal dysgenesis with XY chromosomal constitution): Report of two cases (Bruneteau et al.), 55

Syphilis, fetal, in first trimester (Harter and Benirschke), 705

T

T 220C, Copper: New long-acting copper intrauterine contraceptive device (Cooper, Millen, and Mishell), 121

Teaching performance, faculty, in department of obstetrics and gynecology, improvement of, by student evaluation (Sall et al.), 217

Teen-age girls, experience in mass Papanicolaou screening and cytologic observations of (Fields, Restivo, and Brown), 730

Temperature, ovarian, periovulatory changes in, in ewes (Benoit et al.), 356

Teratogenic effects of ethyl alcohol administered to pregnant mice (Kronick), 676

Teratomas, bilateral ruptured benign cystic, pregnancy with (Mehra et al.), 361

Term pregnancy, placental transfer of clindamycin and gentamicin in (Weinstein, Gibbs, and Gallagher), 688

Termination of pregnancy with double prostaglandin impact (Csapo et al.), 1

Test, fractional postcoital, interpretation and significance of (Tredway), 352

serial dilution protamine sulfate, throughout labor: Intravascular coagulation in obstetrics (Arocha Piñango et al.), 18

- Testing, psychometric, as basis for counseling patients choosing method of contraception (Brooks and Butcalis), 85
- Testosterone, LH, FSH, and androstenedione, plasma, effectiveness of two oral contraceptives in suppressing, and in stimulating plasma testosterone-binding capacity in hirsute women (Givens et al.), 333
- metabolism in endometrial cancer (Calanog et al.), 60
- Theophylline, fasting and, effects of, on alanine-stimulated glucagon secretion in neonatal and infant sheep (Fiser et al.), 421
- Thrombocytopenia, isoimmune neonatal, management of (Sitarz, Driscoll, and Wolff), 39
- Tissue(s), maternal, trophoblast and, interactions of, in three closely related primate species (Ramsey, Houston, and Harris), 647
- rat placental, histologic characteristics of cells cultured from (Ferguson and Palm), 415
- reproductive and nonreproductive, effect of estradiol-17 β on blood flow to, in pregnant ewes (Rosenfeld et al.), 618
- Tolerance (hyperglycemia and hypoglycemia), abnormal glucose, and estril excretion, association between, in pregnancy (Abell et al.), 388
- Toxemia, experimental, production of, in pregnant rabbit (Abitbol et al.), 460
- Transactions, eighty-sixth annual meeting, American Association of Obstetricians and Gynecologists, 805-934
- Transfusion with D-positive blood, effectiveness of prophylactic Rh immunosuppression after (Bowman), 80
- Transmission electron microscopy and histochemistry, II. Studies on cytodynamics of human endometrial regeneration (Ferency), 582
- Trimester, first, fetal syphilis in (Harter and Benirschke), 705
- spontaneous abortion, second-, IUD, and infection (Eisinger), 393
- third, of pregnancy, double-blind investigation into effects of ritodrine on uterine blood flow (Brettes, Renaud, and Gandar), 164
- Trophoblast and maternal tissues, interactions of, in three closely related primate species (Ramsey, Houston, and Harris), 647
- Tubal ligation, incidental, at time of cholecystectomy, new technique for (Richards), 658 (Comm. in brief)
- sterilization, culdoscopy and laparoscopic, comparison of (Koetsawang et al.), 601
- Tube, Fallopian, and uterus, human, catecholamine content of, and plasma levels of estradiol and progesterone, correlation between (Dujovne et al.), 229
- human and rabbit Fallopian, inhibition of spontaneous contractility of, by potassium (Johns, Molnar, and Paton), 506
- Tumors, gonadal, age of occurrence of, in intersex patients with Y chromosome (Manuel, Katayama, and Jones), 293
- Twin pregnancy, unusual, in double uterus (Zervoudakis, Lauersen, and Saary), 659 (Comm. in brief)
- U
- Ultrasonic scan, compound gray scale, simple geometric method for determining fetal weight in utero with (Picker and Saunders), 493
- Ultrasound, diagnostic, for detection of intrauterine growth retardation (Queenan et al.), 865
- Ultrastructural findings, histogenetic considerations and, report of five cases with: Epidermoid cysts of ovary (Nogales and Silverberg), 523
- Umbilical cord arterial and venous serum, maternal venous and, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471
- strangulation of, by amniotic band (Burrows and Phillips), 697
- Unconjugated estrogens, total, in maternal peripheral vein, cord vein, and cord artery serum at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- and total estril, normal concentrations, diurnal and/or episodic variations, and day-to-day changes of, in late pregnancy plasma, IV. Estril in pregnancy (Katagiri et al.), 272
- Undernutrition, maternal, placental morphometric and morphologic alterations in (Murthy, Agarwal, and Khanna), 641
- Urea, hyperosmolar, administered by intra-amniotic, intravenous, and intraperitoneal routes, comparative effects of, in rhesus monkeys (Blake et al.), 239
- intra-amniotically administered hyperosmolar, pharmacokinetics of, in rhesus monkeys (Blake et al.), 245
- Ureterovaginal fistula as complication of radical pelvic surgery (Macasaet, Lu, and Nelson), 757

- Urinary free cortisol and progesterone, significance of, in normal and anencephalic pregnancy (Chattoraj et al.), 848
- metal excretion, rhythmic, effect of oral contraceptives on (Weinmann et al.), 719
- Urine, estril levels in, effect of ampicillin administration on estradiol, estril, and cortisol levels in maternal plasma and on (Sybulski and Maughan), 379
- of rabbits, changes in evolution of free epinephrine, norepinephrine, and vanillylmandelic acid, during late pregnancy and parturition (Parvez and Parvez), 222
- Uteri, cervix, cytology and colposcopy in diagnosis and management of preclinical carcinoma of: Learning experience (Tovell, Banogan, and Nash), 924
- Uterine activity, quantitation of, in 100 primiparous patients (Miller et al.), 398
- blood flow during third trimester of pregnancy, double-blind investigation into effects of ritodrine on (Brettes, Renaud, and Gandar), 164
- cervix, dysplasia and carcinoma in situ of: Prevalence in very young women (under age 22) (Snyder et al.), 751
- contractions, rat, in vitro, indomethacin induces, and alters reactivity to calcium and acetylcholine (Hargrove et al.), 25
- manipulator, bipolar sterilizing forceps and: Two new laparoscopic instruments (Corson), 434 (Comm. in brief)
- vasculatures and myometrium, effects of local anesthetic agents on (Greiss, Still, and Anderson), 889
- Utero, simple geometric method for determining fetal weight in, with compound gray scale ultrasonic scan (Picker and Saunders), 493
- Uterus, double, unusual twin pregnancy in (Zervoudakis, Lauersen, and Saary), 659 (Comm. in brief)
- effects of progesterone, prostaglandin F $_{2\alpha}$ and its analogue ICI 81008 on excitability and threshold of (Csapo), 367
- human Fallopian tube and, catecholamine content of, and plasma levels of estradiol and progesterone, correlation between (Dujovne et al.), 229

V

- Vagina, carcinoma in situ of, following treatment for carcinoma of cervix: Distinctive clinical entity (Geelhoed et al.), 510
- and cervix, benign melanosis of (Tsukada), 211 (Comm. in brief)
- clear-cell adenocarcinoma of: Survival data (Noller et al.), 285
- Vaginal agenesis (Capraro and Gallego), 98 (Current developments)
- delivery, cortisol levels in maternal venous and umbilical cord arterial and venous serum at (Leong and Pearson Murphy), 471
- retractor, new self-retaining (Wexler), 436 (Comm. in brief)
- Vaginally administered 15(S)15-methyl-PGF $_{2\alpha}$ -methyl ester, outpatient postconceptional fertility control with (Bygdeman et al.), 493
- Vanillylmandelic acid, epinephrine, and norepinephrine, free, changes in evolution of, in urine of rabbits during late pregnancy and parturition (Parvez and Parvez), 222
- Vascular injuries in pelvic cancer surgery (Bergan, Dean, and Yao), 562
- Vasculatures and myometrium, uterine, effects of local anesthetic agents on (Greiss, Still, and Anderson), 889
- Vein, maternal peripheral, cord vein, and cord artery serum, total unconjugated estrogens in, at delivery, I. Hormonal studies in pregnancy (Sarda and Gorwill), 234
- Venous and umbilical cord arterial and venous serum, maternal, cortisol levels in, at vaginal delivery (Leong and Pearson Murphy), 471
- Ventilatory and blood gas changes during laparoscopy with local anesthesia (Brown et al.), 741
- Ventricular output, right and left, effects of spontaneous and induced changes of heart rate on: Cardiac output in fetal lamb (Rudolph and Heymann), 183
- Vermiform appendix, primary adenocarcinoma of, in gynecologic patient (Fichera et al.), 663 (Comm. in brief)
- Vesicles, hydatidiform mole, immunoglobulins and beta-1-C globulin in (Márquez-Monter et al.), 406
- Vitro, indomethacin induces rat uterine contractions in, and alters reactivity to calcium and acetylcholine (Hargrove et al.), 25
- ovulation, in, from adult hamster ovary (Baranczuk and Fainstat), 517
- Vulva, infiltrative carcinoma of: Results of surgical treatment (Morley), 874

W

- Warfarin sodium anticoagulant therapy, ovarian hemorrhage complicating (Matseoane, Batts, and Mandeville), 766 (Current investigation)
- Wedge resection of ovaries, infertility following (Toaff, Toaff, and Peyser), 92
- Weight delivery, low-birth-, patients at high risk for (Kaltreider and Johnson), 251
- fetal, in utero, simple geometric method for determining, with compound gray scale ultrasonic scan (Picker and Saunders), 493
- Withdrawal, chlorthalidone, in neonate (Athinarayanan et al.), 212 (Comm. in brief)

X

- XY chromosomal constitution, pure gonadal dysgenesis with (Swyer's syndrome): Report of two cases (Bruneteau et al.), 55

Y

- Y chromosome, age of occurrence of gonadal tumors in intersex patients with (Manuel, Katayama, and Jones), 293
- Young women (under age 22) very, prevalence in: Dysplasia and carcinoma in situ of uterine cervix (Snyder et al.), 751

Z

- Zone protein, pregnancy, quantitative study of, in sera of women taking oral contraceptives (Damber et al.), 289

A

- A₂, phospholipase, demonstration of, in lysosomes of human fetal membranes, IV. Initiation of human parturition (Schwarz et al.), 1089
- Abdominal hysterectomy, total, effect of antibiotic prophylaxis on patients undergoing. I. Effect on morbidity (Ohm and Galask), 442
- II. Alterations of microbial flora (Ohm and Galask), 448
- Abdominometry, ultrasonic, estimation of fetal weight by (Kurjak and Breyer), 962
- Abortions, midtrimester, comparative study of intra-amniotic saline and two prostaglandin F₂₀ dose schedules for (Edelman et al.), 188
- induced with intra-amniotic prostaglandin F₂₀, effect of meperidine analgesia on (Staurovsky et al.), 185
- intra-amniotic administration of 15(S)-15-methyl-prostaglandin F₂₀ for induction of (Dingfelder et al.), 821
- recurrent spontaneous, depressed mixed lymphocyte culture reactivity in mothers with (Lauritsen, Kristensen, and Grunnet), 35
- therapeutic, in second trimester, gonadotropin response after administration of LH/FSH-releasing hormone (LRH) during pregnancy and after, studies on (Jeppsson and Rannevik), 484
- Abortuses, culturability of fibroblasts from skin of, after intra-amniotic instillation of urea or prostaglandin (Ju, Park, and Jones), 1155 (Comm. in brief)
- Abruptio placentae following negative oxytocin challenge test (Seski and Compton), 276 (Comm. in brief)
- Abscess, fetal scalp, secondary to intrauterine monitoring (Plavidal and Werch), 65
- mycotic tubo-ovarian, associated with intrauterine device (Kostelnik and Fremount), 272 (Comm. in brief)
- Acid-base balance, fetal. I. Interdependence of maternal and fetal Pco₂ and bicarbonate concentration (Chang and Wood), 61
- follic, vitamins B₆, B₁₂, and, III. Effect of oral contraceptives on nutrients (Prasad et al.), 1063
- Addiction, drug, in pregnancy and neonate (Blinick et al.), 135 (Clinical opinion)
- Adenocarcinoma, endometrial cytologic diagnosis of (Anderson et al.), 376
- Adenoma, prolactin-secreting, mechanism of suppression of gonadotropin levels in patient with: Longitudinal case study (Rolland et al.), 1152 (Comm. in brief)
- virilizing adrenocortical, studied by selective adrenal venography (Gabrilove, Nicolis, and Mitty), 180
- Adenosine 3', 5'-monophosphate (cAMP), cyclic, in pregnancy body fluids during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
- Adrenal vein catheterization, ovarian and, differential (Wentz et al.), 1000
- venography, selective, virilizing adrenocortical adenoma studied by (Gabrilove, Nicolis, and Mitty), 180
- Adrenocortical adenoma, virilizing, studied by selective adrenal venography (Gabrilove, Nicolis, and Mitty), 180
- Adrenocorticotrophic hormone in human fetal blood at delivery (Arai, Yanaihara, and Okinaga), 1136
- Age, gestational, serum unconjugated estril levels in third trimester and relationship to (Buster et al.), 672
- variation of fetal presentation with (Scheer and Nubar), 269 (Comm. in brief)
- 1 year of, patterns in infants who were neurologically abnormal at, II. Computer interpreted fetal electroencephalogram (Chik et al.), 541
- parity and, influence of, I. Studies on blood pressure during pregnancy (Christianson), 509
- Stage I carcinoma of uterine cervix in patients under 40 years of (Futoran and Nolan), 790
- Alcohol syndrome, fetal: Seven new cases (Mulvihill et al.), 937
- Alkaline phosphatase, I. Cyclic changes of cervical mucus enzymes related to time of ovulation (Moghissi, Syner, and Borin), 1044
- Ambulatory patients, new apparatus for Douglas cul-de-sac puncture in (Zylberberg), 271 (Comm. in brief)
- Amenorrhea, galactorrhea: Psychological interaction with neuroendocrine function (Zacur et al.), 859 (Current investigation)
- secondary, pituitary tumors in patients with (Haesslein and Lamb), 759
- Amniocentesis for antenatal diagnosis (Young, Matson, and Jones), 495
- Amniotic fluid analysis in Rh-sensitized pregnancies (Duhring, McKean, and Hager), 368
- bacterial growth inhibition by. V. Phosphate-to-zinc ratio as predictor of bacterial growth-inhibitory activity (Schlievert, Johnson, and Galask), 899
- VI. Evidence for zinc-peptide antibacterial system (Schlievert, Johnson, and Galask), 906
- cells, cultured human, proposed system whereby (colcemid-induced) S₂ phase is responsible for tetraploidy found in (Tegenkamp, Hux, and Tegenkamp), 554
- identification of cold-insoluble globulin of plasma in (Chen, Mosesson, and Solish), 958
- inspired near term by human and rhesus fetuses, quantitative measurements of: Fetal respiration (Duenhoeelter and Pritchard), 306
- L/S ratio, fetal lung lecithin metabolism and, in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- phosphatidylinositol and phosphatidylglycerol in: Indices of lung maturity (Hallman et al.), 613
- studies on antimicrobial activity of (Miller et al.), 212
- tests for fetal maturity in normal and abnormal pregnancies (Doran et al.), 586
- Anaerobic organisms, use of prerduced media and portable jar for collection of, from clinical sites of infection (Ledger et al.), 677

*May 1, 1-134; May 15, 135-282; June 1, 283-430; June 15, 431-576; July 1, 577-728; July 15, 729-880; August 1, 881-1028; August 15, 1029-1184.

- Analgesia, meperidine, effect of, on midtrimester abortions induced with intra-amniotic prostaglandin $F_{2\alpha}$ (Staurovsky et al.), 185
- Androgen levels, plasma, during menstrual cycle (Vermeulen and Verdonck), 491
- Androgenic polycystic ovary (Greenblatt and Mahesh), 712 (Current developments)
- Anemia, sickle-cell, fluctuation of fetal hemoglobin in (Morrison et al.), 1085
- Anesthesia, epidural, effect of, on uterine activity and blood pressure (Matadial and Cibils), 846
- Anomaly (anomalies), congenital, maternal estrogen levels in two pregnancies complicated by severe fetal growth retardation with (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- fetal renal, hydramnion and (Perlman, Potashnik, and Wise), 966
- Anovulation, endometriosis and: Coexisting problem in infertile female (Soules et al.), 412
- Antenatal diagnosis, amniocentesis for (Young, Matson, and Jones), 495
- Antepartum period, baseline fetal heart rate characteristics as indicator of fetal status during (Trierweiler, Freeman, and James), 618
- Antibacterial system, zinc-peptide, evidence for, VI. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 906
- Antibiotic(s), prophylactic, after vaginal hysterectomy, value of (Boyd and Garceau), 581
- for vaginal surgery: Historical addendum (Thomsen), 270 (Comm. in brief)
- prophylaxis, effect of, on patients undergoing total abdominal hysterectomy. I. Effect on morbidity (Ohm and Galask), 442
- II. Alterations of microbial flora (Ohm and Galask), 448
- Antigen(s), human trophoblast, effect of length of gestation on maternal cellular immunity to (Taylor et al.), 528
- labeled, potential error in HCG measurement related to choice of: HCG- β -subunit radioimmunoassay (Tyrey and Hammond), 160
- thermostable, associated with ovarian cancer (Burton, Hope, and Lubbers), 472
- Antimicrobial activity of amniotic fluid, studies on (Miller et al.), 212
- Antinauseant drugs, certain, evaluation of teratogenicity of (Milkovich and van den Berg), 244
- Antiserum, specific, assay of estriol-16 α -(β -D-glucuronide) in pregnancy urine with (DiPietro), 841
- Arterial pressure, mean, in middle trimester, impact of, upon outcome of pregnancy (Page and Christianson), 740
- Aspiration, endometrial, in fertility control (Bendel, Williams, and Butler), 328
- Assay of estriol-16 α -(β -D-glucuronide) in pregnancy urine with specific antiserum (DiPietro), 841
- Attenuated rubella virus, susceptibility of postpartum and postabortal cervix and uterine cavity to infection with (Bolognese et al.), 525

B

- B-mode ultrasound, diagnosis of rectus sheath hematoma by: Case report (Hamilton et al.), 562 (Comm. in brief)
- B₆ and B₁₂, vitamins, and folic acid, III. Effect of oral contraceptives on nutrients (Prasad et al.), 1063
- B₁₂, vitamins B₆ and, and folic acid, III. Effect of oral contraceptives on nutrients (Prasad et al.), 1063
- Bacterial growth inhibition by amniotic fluid. V. Phosphate-to-zinc ratio as predictor of bacterial growth-inhibitory activity (Schlievert, Johnson, and Galask), 899
- VI. Evidence for zinc-peptide antibacterial system (Schlievert, Johnson, and Galask), 906
- Balance, automatic, for fetal weight studies (Abrams et al.), 660
- fetal acid-base. I. Interdependence of maternal and fetal PCO_2 and bicarbonate concentration (Chang and Wood), 61
- Benign cervical and vaginal changes associated with exposure to stilbestrol in utero (Sandberg), 777
- β -subunit, HCG-, radioimmunoassay: Potential error in HCG measurement related to choice of labeled antigen (Tyrey and Hammond), 160

- Bicarbonate concentration, maternal and fetal PCO_2 and, interdependence of, I. Fetal acid-base balance (Chang and Wood), 61
- Binding capacity of plasma testosterone-estradiol-binding globulin, response of, to norethindrone, 2 mg., and mestranol, 0.1 mg., in polycystic ovarian disease (Andersen et al.), 166
- progesterone, in human endometrial carcinomas (Young, Ehrlich, and Cleary), 353
- Biologic changes, maternal, fetal, and intra-amniotic hormonal and, resulting from single dose of hydrocortisone injected in intra-amniotic compartment (Lefebvre et al.), 609
- Biopsy, endometrial suction: Appraisal of new instrument (Ingilis and Weir), 1070
- scalene node, in pretreatment staging of carcinoma of cervix uteri (Perez-Mesa and Spratt), 93
- Birth defects prevention clinic, regionalization of (Acker and Richman), 933
- weight, low, simple assessment of risk of, to select women for nutritional intervention (Lechtig et al.), 25
- Black woman, endometriosis in (Chatman), 987
- Bladder, canine, electromyographic and pressure studies in (Beck et al.), 603
- Bleeding, fetal: Unusual complication of fetal monitoring (Fernandez-Rocha and Oullette), 1153 (Comm. in brief)
- massive colonic, and oral contraceptive "pills" (Prust and Kumar), 695
- Block, post-paracervical, bradycardia: Prediction and preventability (Goodlin, Crocker, and Haesslein), 665
- Blood coagulation parameters, study of (Newman et al.), 108
- progestational agents and. VII. Thromboembolic and other complications of oral contraceptive therapy in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study (Ambrus et al.), 1057
- flow, placental, relationship of metabolic clearance rate of dehydroisoandrosterone sulfate to: Mathematical model (Clewell and Meschia), 507
- uterine, oxygen consumption, and maternal plasma estradiol and progestins following fetal death (Caton et al.), 624
- human fetal, adrenocorticotrophic hormone in, at delivery (Arai, Yanaiharu, and Okinaga), 1136
- pressure, studies on, during pregnancy. I. Influence of parity and age (Christianson), 509
- uterine activity and, effect of epidural anesthesia on (Matadial and Cibils), 846
- Rh-positive, transfusion of, into Rh-negative women (Keith, Berger, and Pollack), 502
- Body fluids, pregnancy, cyclic adenosine 3',5'-monophosphate (cAMP) in, during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
- Books received, 880, 1160
- Bradycardia, post-paracervical block: Prediction and preventability (Goodlin, Crocker, and Haesslein), 665
- Breathing movements in human fetus (Mantell), 550
- patterns before death in fetal lambs (Patrick, Dalton, and Dawes), 73
- Breech presentation, patterns of management with (Wolter), 733

C

- California, maternal deaths in, from 1967 to 1971 (Coppes and Messer), 393
- cAMP (cyclic adenosine 3', 5'-monophosphate) in pregnancy body fluids during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
- Cancer, ovarian, thermostable antigen associated with (Burton, Hope, and Lubbers), 472
- pelvic, vaginal reconstruction following extensive treatment for (Watring et al.), 809
- screening, cervical, prevalence of, in United States in 1970 (Rochat), 478
- Cannula, flexible suction, histopathologic evaluation of uteri curetted by (Hale et al.), 805
- Carbohydrate and lipid metabolism, effects of norgestrel on, over one year (Spellacy, Bui, and Birk), 984
- Carcinoma(s) of cervix in oral contraceptive steroid and IUD users and nonusers (Sandmire, Austin, and Bechtel), 339
- prevention of (Coppleson and Brown), 153
- uteri, scalene node biopsy in pretreatment staging of (Perez-Mesa and Spratt), 93

- Carcinoma(s)—Cont'd**
 human endometrial, progesterone binding in (Young, Ehrlich, and Cleary), 353
 microinvasive, of cervix (Ruch, Pitcock, and Ruch), 87
 squamous-cell, of vulva (Jafari and Carnick), 274 (Comm. in brief)
 primary, of Fallopian tube (Kinzel), 816
 in situ of uterine cervix, conization as only treatment of (Bjerre et al.), 143
 Stage I, of uterine cervix in patients under 40 years of age (Futoran and Nolan), 790
Catheterization, differential ovarian and adrenal vein (Wentz et al.), 1000
Cell(s), cultured human amniotic fluid, proposed system whereby (colcemid-induced) S₂ phase is responsible for tetraploidy found in (Tegenkamp, Hux, and Tegenkamp), 554
 human uterine smooth muscle, ultrastructural observations of, during gestation (Dessouky), 1099
 reticulum-, sarcoma of cervix (Delgado et al.), 691
 sickle-, anemia, fluctuation of fetal hemoglobin in (Morrison et al.), 1085
 squamous-, carcinoma, microinvasive, of vulva (Jafari and Carnick), 274 (Comm. in brief)
Cellular immunity, maternal, to human trophoblast antigens, effect of length of gestation on (Taylor et al.), 528
Central Association of Obstetricians and Gynecologists, transactions, forty-third annual meeting, 283-417
Cephalosporin prophylaxis, impact of, on conization-vaginal hysterectomy morbidity (Forney et al.), 100
Cervical cancer screening, prevalence of, in United States in 1970 (Rochat), 478
 mucus enzymes, cyclic changes of, related to time of ovulation. I. Alkaline phosphatase (Moghissi, Syner, and Borin), 1044
 and vaginal changes, benign, associated with exposure to stilbestrol in utero (Sandberg), 777
Cervix, carcinoma of, in oral contraceptive steroid and IUD users and nonusers (Sandmire, Austin, and Bechtel), 339
 microinvasive carcinoma of (Ruch, Pitcock, and Ruch), 87
 prevention of carcinoma of (Coppleson and Brown), 153
 reticulum-cell sarcoma of (Delgado et al.), 691
 uteri, carcinoma of, scalene node biopsy in pretreatment staging of (Perez-Mesa and Spratt), 93
 uterine, carcinoma in situ of, conization as only treatment of (Bjerre et al.), 143
 cavity, postpartum and postabortal, susceptibility of, to infection with attenuated rubella virus (Bolognese et al.), 525
 Stage I carcinoma of, in patients under 40 years of age (Futoran and Nolan), 790
Cesarean section, changing trends in (Hibbard), 798
 extraperitoneal: New need for old skills (Imig and Perkins), 51
Children of insulin-requiring diabetic patients, absolute neonatal insulin levels in (Martin), 71
Chorionic gonadotropin (HCG), human, - β -subunit radioimmunoassay: Potential error in HCG measurement related to choice of labeled antigen (Tyrey and Hammond), 160
 human, limitation of specific serum radioimmunoassay for, in management of trophoblastic neoplasms (Schreiber et al.), 705 (Current investigation)
 somatomammotropin, human, rapid, flow-through column radioimmunoassay for (Johnson, Yoder, and Adams), 45
Circulating maternal serum progesterone in high-risk pregnancies (Dawood), 832
Circulation, fetoplacental, sampling. I. Pregnant ovine (Morris et al.), 1121
Citrate, clomiphene, effect of, upon amount and duration of human menopausal gonadotropin therapy (March, Tredway, and Mishell), 699
Classic pages, 115, 263, 428, 561, 711, 863, 1008, 1141-1147
Clearance rate, metabolic, of dehydroisandrosterone sulfate, relationship of, to placental blood flow: Mathematical model (Clewell and Meschia), 507
Clinic, birth defects prevention, regionalization of (Acker and Richman), 933
Clinical application, preliminary—Dehydroepiandrosterone loading test. II. Physiologic model of dehydroepiandrosterone to estrogen conversion system in fetoplacental unit (Pupkin et al.), 256
 opinion, 135-142, 431-441, 1029-1038
Clinical—Cont'd
 -pathologic entity: Parametrial phlebotectasia (Hanzlik and Leissring), 431 (Clinical opinion)
 significance of fetal heart rate patterns during labor. I. Baseline patterns (Cibils), 290
 sites of infection, use of prereducd media and portable jar for collection of anaerobic organisms from (Ledger et al.), 677
 trials, early, isolation, determination of structure, and synthesis of luteinizing hormone- and follicle-stimulating hormone-releasing hormone, some notes on background of (Schally), 1142 (Classic pages)
Clip sterilization, spring: One-year follow-up of 1,079 cases (Hulka et al.), 1039
Clomiphene citrate, effect of, upon amount and duration of human menopausal gonadotropin therapy (March, Tredway, and Mishell), 699
Coagulation, blood, progestational agents and. VII. Thromboembolic and other complications of oral contraceptive therapy in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study (Ambrus et al.), 1057
 parameters, blood, study of (Newman et al.), 108
 Colcemid-induced S₂ phase is responsible for tetraploidy found in cultured human amniotic fluid cells, proposed system whereby (Tegenkamp, Hux, and Tegenkamp), 554
Cold-insoluble globulin of plasma, identification of, in amniotic fluid (Chen, Mosesson, and Solish), 958
Colonic bleeding, massive, and oral contraceptive "pills" (Prust and Kumar), 695
Column radioimmunoassay, rapid, flow-through, for human chorionic somatomammotropin (Johnson, Yoder, and Adams), 45
Communications in brief, 264-276, 562-570, 864-874, 1148-1155
Community, isolated, incidence of infections associated with intrauterine contraceptive device in (Mead, Beecham, and Maack), 79
Complicated, two pregnancies, by severe fetal growth retardation with congenital anomaly, maternal estrogen levels in (Syburski, Asswad, and Maughan), 864 (Comm. in brief)
Complication(s), thromboembolic and other, of oral contraceptive therapy in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study, VII. Progestational agents and blood coagulation (Ambrus et al.), 1057
 unusual, of fetal monitoring: Fetal bleeding (Fernandez-Rocha and Oullette), 1153 (Comm. in brief)
Compounds, various vasoactive, effect of, upon uterine vascular bed (Resnik et al.), 201
Computer interpreted fetal electroencephalogram. I. Relative frequency of patterns (Chik et al.), 537
 II. Patterns in infants who were neurologically abnormal at 1 year of age (Chik et al.), 541
Concentration(s), bicarbonate, maternal and fetal Pco₂ and, interdependence of, I. Fetal acid-base balance (Chang and Wood), 61
 of four pregnancy-associated plasma proteins at term in normal gestation, relation of obstetric parameters to (Lin, Halbert, and Spellacy), 17
Congenital anomaly, maternal estrogen levels in two pregnancies complicated by severe fetal growth retardation with (Syburski, Asswad, and Maughan), 864 (Comm. in brief)
Congestion, graded venous, venous distensibility during pregnancy determined by (Barwin and Roddie), 921
Conization, critical evaluation of Schiller test in patients before (Rubio and Thomassen), 96
 as only treatment of carcinoma in situ of uterine cervix (Bjerre et al.), 143
 -vaginal hysterectomy morbidity, impact of cephalosporin prophylaxis on (Forney et al.), 100
Contraception, intrauterine, demonstration of gonadotropin during second half of cycle in women using (Beling, Cederqvist, and Fuchs), 855 (Current investigation)
Contraceptive(s) device, intrauterine, incidence of infections associated with, in isolated community (Mead, Beecham, and Maack), 79
 -related disorders, association between Dalkon Shield and complicated pregnancies among women hospitalized for (Kahn and Tyler), 83
 oral, effect of, on nutrients. III. Vitamins B₆, B₁₂, and folic acid (Prasad et al.), 1063

Contraceptive(s), oral—Cont'd

- potencies of (Edgren and Sturtevant), 1029 (Clinical opinion)
- "pills," oral, massive colonic bleeding and (Prust and Kumar), 695 (R 2323), midcycle, action of, on human endometrium (Azadian-Boulanger et al.), 1049
- steroid, oral, and IUD users and nonusers, carcinoma of cervix in (Sandmire, Austin, and Bechtel), 339
- therapy, oral, thromboembolic and other complications of, in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study, VII. Progestational agents and blood coagulation (Ambrus et al.), 1057
- three new low-dose oral, estrogen potencies of (Dickey, Chihal, and Peppler), 976
- users, oral and nonoral, measured intelligence in offspring of (Fuertes-de la Haba, Santiago, and Bangdiwala), 980
- Copper, influence of, on in vitro motility of human Fallopian tube (Larsson, Ljung, and Hamberger), 682
- Cord, umbilical, plasma, cortisol levels in, and development of respiratory distress syndrome in premature newborn infants, relationship between (Syburski and Maughan), 239
 - in relation to labor and delivery (Syburski and Maughan), 236
- Corpus luteum, human, observations on: Histochemical changes during development and involution (Wiley and Esterly), 514
- Correspondence, 277-282, 571-576, 875-879, 1156-1159
- Cortisol levels in umbilical cord plasma and development of respiratory distress syndrome in premature newborn infants, relationship between (Syburski and Maughan), 239
 - in relation to labor and delivery (Syburski and Maughan), 236
- Cul-de-sac puncture, Douglas, in ambulatory patients, new apparatus for (Zylberberg), 271 (Comm. in brief)
- Culturability of fibroblasts from skin of abortuses after intra-amniotic instillation of urea or prostaglandin (Ju, Park, and Jones), 1155 (Comm. in brief)
- Culture reactivity, depressed mixed lymphocyte, in mothers with recurrent spontaneous abortion (Lauritsen, Kristensen, and Grunnet), 35
- Cultured human amniotic fluid cells, proposed system whereby (colcemid-induced) S₂ phase is responsible for tetraploidy found in (Tegenkamp, Hux, and Tegenkamp), 554
- Curetted, uteri, by flexible suction cannula, histopathologic evaluation of (Hale et al.), 805
- Current developments, 116-133, 418-427, 712-726, 1009-1027
 - investigation, 705-710, 855-862
- Cycle, demonstration of gonadotropin during second half of, in women using intrauterine contraception (Beling, Cedervist, and Fuchs), 855 (Current investigation)
 - menstrual, plasma androgen levels during (Vermeulen and Verdonck), 491
- Cyclic adenosine 3', 5'-monophosphate (cAMP) in pregnancy body fluids during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
 - changes of cervical mucus enzymes related to time of ovulation. I. Alkaline phosphatase (Moghissi, Syner, and Borin), 1044
- Cyst, paramesonephric, of parovarium, papillary serous cystadenoma arising in (Honoré and Nickerson), 870 (Comm. in brief)
- Cystadenocarcinomas, mucinous, ultrastructural features of, II. Mucinous tumors of ovary (Fenoglio, Ferenczy, and Richart), 990
- Cystadenoma, papillary serous, arising in paramesonephric cyst of parovarium (Honoré and Nickerson), 870 (Comm. in brief)
- Cytologic diagnosis of endometrial adenocarcinoma (Anderson et al.), 376

D

- D, vitamin, metabolism, perinatal. III. Factors influencing late gestational human serum 25-hydroxyvitamin D (Hillman and Haddad), 196
- Dalkon Shield and complicated pregnancies among women hospitalized for intrauterine contraceptive device-related disorders, association between (Kahn and Tyler), 83
- Death(s), breathing patterns before, in fetal lambs, (Patrick, Dalton, and Dawes), 73
 - fetal, uterine blood flow, oxygen consumption, and maternal plasma estradiol and progestins following (Caton et al.), 624
 - maternal, in California from 1967 to 1971 (Coppes and Messer), 393
 - due to spontaneous subarachnoid hemorrhage (Barno and Freeman), 384

Death(s)—Cont'd

- obstetric, of Mary Wollstonecraft (Kaiser), 1 (Guest editorial)
- Deceleration injury, in utero traumatic intra-abdominal, to fetus—Case report (Connor and Curran), 567 (Comm. in brief)
- Defects prevention clinic, birth, regionalization of (Acker and Richman), 933
- Dehydroepiandrosterone to estrogen conversion system in fetoplacental unit, physiologic model of. I. Development (Nagey et al.), 249
 - II. Preliminary clinical application—Dehydroepiandrosterone loading test (Pupkin et al.), 256
- Dehydrogenase, glucose-6-phosphate, deficiency in pregnancy, significance of (Perkins), 215
- Dehydroisoandrosterone sulfate, maternal plasma, pattern and rates of metabolism of, in human pregnancy (Madden et al.), 915
 - relationship of metabolic clearance rate of, to placental blood flow: Mathematical model (Clevell and Meschia), 507
- Delivery, adrenocorticotrophic hormone in human fetal blood at (Arai, Yanaiharu, and Okinaga), 1136
 - labor and, cortisol levels in umbilical cord plasma in relation to (Syburski and Maughan), 236
 - pregnancy and, satisfaction with medical care during (Light, Solheim, and Hunter), 827
 - time of gravidas with fetus considered at high risk, analysis of utility of plasma immunoreactive estrogen measurements in determining (Duenhoelter, Whalley, and MacDonald), 889
- Depressed mixed lymphocyte culture reactivity in mothers with recurrent spontaneous abortion (Lauritsen, Kristensen, and Grunnet), 35
- Detrusor overactivity incontinence of urine, results in treating 210 patients with (Beck, Arnusch, and King), 593
- Device(s), intrauterine contraceptive, incidence of infections associated with, in isolated community (Mead, Beecham, and Maack), 79
 - related disorders, association between Dalkon Shield and complicated pregnancies among women hospitalized for (Kahn and Tyler), 83
 - ectopic pregnancy associated with: Study of seventy cases (Hallatt), 754
 - mycotic tubo-ovarian abscess associated with (Kostelnik and Freymount), 272 (Comm. in brief)
- TCu-200 intrauterine, ultrastructural studies on endometrium of women wearing, by means of transmission and scanning electron microscopy and x-ray dispersive analysis (González-Angulo and Aznar-Ramos), 170
- Diabetes, gestational and pregestational: Approach to therapy (Tyson and Hock), 1009 (Current developments)
 - mellitus, remission of, during pregnancy (Gabbie, Dizerega, and Mestman), 264 (Comm. in brief)
- Diabetic patients, insulin-requiring, absolute neonatal insulin levels in children of (Martin), 71
 - pregnant, intensive care of (Gugliucci et al.), 435 (Clinical opinion)
- Diagnosis, antenatal, amniocentesis for (Young, Matson, and Jones), 495
 - cytologic, of endometrial adenocarcinoma (Anderson et al.), 376
 - of rectus sheath hematoma by B-mode ultrasound: Case report (Hamilton et al.), 562 (Comm. in brief)
- Diagnostic laparoscopy: Prognostic aid in surgical management of infertility (Israel and March), 969
 - ultrasound, assessment of intrauterine growth retardation by (Whetham, Muggah, and Davidson), 577
- Disease(s), hyaline membrane, in twins (de la Torre Verduzco, Rosario, and Rigatto), 668
 - polycystic ovarian, response of binding capacity of plasma testosterone-estradiol-binding globulin to norethindrone, 2 mg., and mestranol, 0.1 mg., in (Andersen et al.), 166
 - sexually transmissible (Evans), 116 (Current developments)
- Dispersive analysis, x-ray, transmission and scanning electron microscopy and, ultrastructural studies on endometrium of women wearing TCu-200 intrauterine devices by means of (González-Angulo and Aznar-Ramos), 170
- Disseminated herpesvirus infection of neonate, experimental model for (Amstey and Kobos), 40
- Distensibility, venous, during pregnancy determined by graded venous congestion (Barwin and Roddie), 921
- Distress, respiratory, syndrome, relationship between cortisol levels in umbilical cord plasma and development of, in premature newborn infants (Syburski and Maughan), 239

- Doctors and patients in obstetrics and gynecology: Next 15 years (Pearse), 361
- Douglas cul-de-sac puncture in ambulatory patients, new apparatus for (Zylberberg), 271 (Comm. in brief)
- Drug(s) addiction in pregnancy and neonate (Blinick et al.), 135 (Clinical opinion)
- certain anti-nauseant, evaluation of teratogenicity of (Milkovich and van den Berg), 244
- Duodenal ulcer, perforated, in pregnancy with double survival (Tew, Holliday, and Phibbs), 1151 (Comm. in brief)
- E**
- E₂, oral prostaglandin, induction of labor with (Gabert, Brinton, and Brown), 333
- for labor induction in high-risk pregnancy (Cunningham et al.), 881
- Ectopic pregnancy associated with intrauterine device: Study of seventy cases (Hallatt), 754
- ruptured, after bilateral laparoscopic tubal fulguration (Sheikh and Yussman), 569 (Comm. in brief)
- Electroencephalogram, computer interpreted fetal. I. Relative frequency of patterns (Chik et al.), 537
- II. Patterns in infants who were neurologically abnormal at 1 year of age (Chik et al.), 541
- Electromagnetic methods, instantaneous fetal heart rate monitoring by (Hukkinen et al.), 1115
- Electromyographic and pressure studies in canine bladder (Beck et al.), 603
- Electron microscopy, transmission and scanning, and x-ray dispersive analysis, ultrastructural studies on endometrium of women wearing TCu-200 intrauterine devices by means of (González-Angulo and Aznar-Ramos), 170
- Endocrine-metabolic response to acute starvation in human gestation (Tyson et al.), 1073
- Endometrial adenocarcinoma, cytologic diagnosis of (Anderson et al.), 376
- aspiration in fertility control (Bendel, Williams, and Butler), 328
- carcinomas, human, progesterone binding in (Young, Ehrlich, and Cleary), 353
- suction biopsy: Appraisal of new instrument (Ingles and Weir), 1070
- Endometriosis and anovulation: Coexisting problem in infertile female (Soules et al.), 412
- in black woman (Chatman), 987
- rectovaginal: Isolated enigma (March and Israel), 274 (Comm. in brief)
- Endometrium, human, action of midcycle contraceptive (R 2323) on (Azadian-Boulanger et al.), 1049
- of women wearing TCu-200 intrauterine devices, ultrastructural studies on, by means of transmission and scanning electron microscopy and x-ray dispersive analysis (González-Angulo and Aznar-Ramos), 170
- Enzymes, cervical mucus, cyclic changes of, related to time of ovulation. I. Alkaline phosphatase (Moghissi, Syner, and Borin), 1044
- Epidural anesthesia, effect of, on uterine activity and blood pressure (Matadial and Cibils), 846
- Erythroblastosis, phagocytosis and. I. Modification of neonatal response by promethazine hydrochloride (Gusdon et al.), 224
- Estradiol and progestins, maternal plasma, uterine blood flow, and oxygen consumption following fetal death (Caton et al.), 624
- testosterone-, -binding globulin, plasma, response of binding capacity of, to norethindrone, 2 mg., and mestranol, 0.1 mg., in polycystic ovarian disease (Andersen et al.), 166
- Estril levels, serum unconjugated, in third trimester and relationship to gestational age (Buster et al.), 672
- 16 α -(β -D-glucuronide) in pregnancy urine, assay of, with specific antiserum (DiPietro), 841
- Estrogen, dehydroepiandrosterone to, conversion system in fetoplacental unit, physiologic model of. I. Development (Nagey et al.), 249
- II. Preliminary clinical application—Dehydroepiandrosterone loading test (Pupkin et al.), 256
- effects of large doses of, on prolactin and growth hormone release (Ehara, Siler, and Yen), 455
- levels, maternal, in two pregnancies complicated by severe fetal growth retardation with congenital anomaly (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- Estrogen—Cont'd
- measurements, plasma immunoreactive, analysis of utility of, in determining delivery time of gravidas with fetus considered at high risk (Duenhoelter, Whalley, and MacDonald), 889
- potencies of three new low-dose oral contraceptives (Dickey, Chihal, and Pepler), 976
- Extraperitoneal cesarean section: New need for old skills (Imig and Perkins), 51
- F**
- F_{2 α} , prostaglandin, dose schedules, two, intra-amniotic saline and, comparative study of, for midtrimester abortion (Edelman et al.), 188
- 15(S)-15-methyl-, intra-amniotic administration of, for induction of midtrimester abortion (Dingfelder et al.), 821
- intra-amniotic, effect of meperidine analgesia on midtrimester abortions induced with (Staurovsky et al.), 185
- Fallopian tube, influence of copper on in vitro motility of (Larsson, Ljung, and Hamberger), 682
- primary carcinoma of (Kinzel), 816
- prolapse of, into vaginal vault (Carmichael), 266 (Comm. in brief)
- Fenoterol, uterine relaxant, actions of, on uteroplacental hemodynamics in human subjects (Lippert, De Grandi, and Friedrich), 1093
- Fertility control, endometrial aspiration in (Bendel, Williams, and Butler), 328
- Fetal acid-base balance. I. Interdependence of maternal and fetal Pco₂ and bicarbonate concentration (Chang and Wood), 61
- alcohol syndrome: Seven new cases (Mulvihill et al.), 937
- bleeding: Unusual complication of fetal monitoring (Fernandez-Rocha and Oullette), 1153 (Comm. in brief)
- blood, human, adrenocorticotrophic hormone in, at delivery (Arai, Yanahara, and Okinaga), 1136
- death, uterine blood flow, oxygen consumption, and maternal plasma estradiol and progestins following (Caton et al.), 624
- electroencephalogram, computer interpreted. I. Relative frequency of patterns (Chik et al.), 537
- II. Patterns in infants who were neurologically abnormal at 1 year of age (Chik et al.), 541
- growth retardation in relation to maternal smoking and weight gain in pregnancy (Miller, Hassanein, and Hensleigh), 55
- severe, with congenital anomaly, maternal estrogen levels in two pregnancies complicated by (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- heart rate characteristics, baseline, as indicator of fetal status during antepartum period (Trierweiler, Freeman, and James), 618
- monitor, ultrasonic, evaluation of accuracy of (Laursen, Hochberg, and George), 1125
- monitoring, continuous, in high-risk pregnancy, evaluation of (Haverkamp et al.), 310
- instantaneous, by electromagnetic methods (Hukkinen et al.), 1115
- in pregnant patients undergoing surgery (Katz, Hook, and Barash), 267 (Comm. in brief)
- patterns, clinical significance of, during labor. I. Baseline patterns (Cibils), 290
- hemoglobin, fluctuation of, in sickle-cell anemia (Morrison et al.), 1085
- lambs, breathing patterns before death in (Patrick, Dalton, and Dawes), 73
- lung lecithin metabolism and amniotic fluid L/S ratio in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- maternal, and intra-amniotic hormonal and biologic changes resulting from single dose of hydrocortisone injected in intra-amniotic compartment (Lefebvre et al.), 609
- maturity, amniotic fluid tests for, in normal and abnormal pregnancies (Doran et al.), 586
- membranes, human, demonstration of phospholipase A₂ in lysosomes of, IV. Initiation of human parturition (Schwarz et al.), 1089
- presentation, variation of, with gestational age (Scheer and Nubar), 269 (Comm. in brief)
- renal anomalies, hydramnion and (Perlman, Potashnik, and Wise), 966
- respiration: Quantitative measurements of amniotic fluid inspired near term by human and rhesus fetuses (Duenhoelter and Pritchard), 306

Fetal—Cont'd

- scalp abscess secondary to intrauterine monitoring (Plavidal and Werch), 65
- weight, estimation of, by ultrasonic abdominometry (Kurjak and Breyer), 962
- studies, automatic balance for (Abrams et al.), 660
- Fetoplacental circulation, sampling. I. Pregnant ovine (Morris et al.), 1121
- unit, physiologic model of dehydroepiandrosterone to estrogen conversion system in. I. Development (Nagey et al.), 249
- II. Preliminary clinical application—Dehydroepiandrosterone loading test (Pupkin et al.), 256
- Fetus(es) considered at high risk, analysis of utility of plasma immunoreactive estrogen measurements in determining delivery time of gravidas with (Duenhoelter, Whalley, and MacDonald), 889
- human, breathing movements in (Mantell), 550
- and rhesus, quantitative measurements of amniotic fluid inspired near term by: Fetal respiration (Duenhoelter and Pritchard), 306
- in utero traumatic intra-abdominal deceleration injury to—Case report (Connor and Curran), 567 (Comm. in brief)
- Fibroblasts from skin of abortuses, culturability of, after intra-amniotic instillation of urea or prostaglandin (Ju, Park, and Jones), 1155 (Comm. in brief)
- Flora, microbial, alterations of, II. Effect of antibiotic prophylaxis on patients undergoing total abdominal hysterectomy (Ohm and Galask), 448
- Flow, uterine blood, oxygen consumption, and maternal plasma estradiol and progesterone following fetal death (Caton et al.), 624
- Fluid(s), amniotic, bacterial growth inhibition by. V. Phosphate-to-zinc ratio as predictor of bacterial growth-inhibitory activity (Schlievert, Johnson, and Galask), 899
- VI. Evidence for zinc-peptide antibacterial system (Schlievert, Johnson, and Galask), 906
- identification of cold-insoluble globulin of plasma in (Chen, Mosesson, and Solish), 958
- inspired near term by human and rhesus fetuses, quantitative measurements of: Fetal respiration (Duenhoelter and Pritchard), 306
- phosphatidylinositol and phosphatidylglycerol in: Indices of lung maturity (Hallman et al.), 613
- studies on antimicrobial activity of (Miller et al.), 212
- analysis, amniotic, in Rh-sensitized pregnancies (Duhring, McKean, and Hager), 368
- cells, cultured human amniotic, proposed system whereby (colcemid-induced) S₂ phase is responsible for tetraploidy found in (Tegenkamp, Hux, and Tegenkamp), 554
- L/S ratio, amniotic, fetal lung lecithin metabolism and, in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- pregnancy body, cyclic adenosine 3', 5'-monophosphate (cAMP) in, during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
- tests, amniotic, for fetal maturity in normal and abnormal pregnancies (Doran et al.), 586
- Folic acid, vitamins B₆, B₁₂, and, III. Effect of oral contraceptives on nutrients (Prasad et al.), 1063
- Follicle-stimulating hormone, LH/-releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- releasing hormone, luteinizing hormone- and, some notes on background of isolation, determination of structure, synthesis, and early clinical trials of (Schally), 1142 (Classic pages)
- FSH, LH/-releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- Fulguration, bilateral laparoscopic tubal, ruptured ectopic pregnancy after (Sheikh and Yussman), 569 (Comm. in brief)

G

- Galactorrhea-amenorrhea: Psychological interaction with neuroendocrine function (Zacur et al.), 859 (Current investigation)

- Gestation(s), effect of length of, on maternal cellular immunity to human trophoblast antigens (Taylor et al.), 528
- human, endocrine-metabolic response to acute starvation in (Tyson et al.), 1073
- normal, relation of obstetric parameters to concentrations of four pregnancy-associated plasma proteins at term in (Lin, Halbert, and Spellacy), 17
- rhesus monkey, fetal lung lecithin metabolism and amniotic fluid L/S ratio in (Epstein, Farrell, and Chez), 545
- ultrastructural observations of human uterine smooth muscle cells during (Dessouky), 1099
- unilateral tubal twin (Storch and Petrie), 1148 (Comm. in brief)
- Gestational age, serum unconjugated estriol levels in third trimester and relationship to (Buster et al.), 672
- variation of fetal presentation with (Scheer and Nubar), 269 (Comm. in brief)
- human serum 25-hydroxyvitamin D, late, factors influencing, III. Perinatal vitamin D metabolism (Hillman and Haddad), 196
- postmaturity, classical and "true" (Boyce, Mayaux, and Schwartz), 911
- and pregestational diabetes: Approach to therapy (Tyson and Hock), 1009 (Current developments)
- trophoblastic tumors, reproductive performance of women successfully treated for (Walden and Bagshawe), 1108
- Globulin, cold-insoluble, of plasma, identification of, in amniotic fluid (Chen, Mosesson, and Solish), 958
- plasma testosterone-estradiol-binding, response of binding capacity of, to norethindrone, 2 mg., and mestranol, 0.1 mg., in polycystic ovarian disease (Andersen et al.), 166
- Glucagon secretion in late pregnancy and puerperium (Leblanc, Anderson, and Yen), 708 (Current investigation)
- Glucose-6-phosphate dehydrogenase deficiency in pregnancy, significance of (Perkins), 215
- Glucuronide, estriol-16 α - β -D-, in pregnancy urine, assay of, with specific antiserum (DiPietro), 841
- Gonadoblastoma: Histologic, ultrastructural, and histochemical observations in five cases (Garvin et al.), 459
- Gonadotropin during second half of cycle, demonstration of, in women using intrauterine contraception (Beling, Cederqvist, and Fuchs), 855 (Current investigation)
- (HCG), human chorionic, - β -subunit radioimmunoassay: Potential error in HCG measurement related to choice of labeled antigen (Tyrey and Hammond), 160
- human chorionic, limitation of specific serum radioimmunoassay for, in management of trophoblastic neoplasms (Schreiber et al.), 705 (Current investigation)
- levels, mechanism of suppression of, in patient with prolactin-secreting adenoma: Longitudinal case study (Rolland et al.), 1152 (Comm. in brief)
- response after administration of LH/FSH-releasing hormone (LRH) during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- therapy, human menopausal, effect of clomiphene citrate upon amount and duration of (March, Tredway, and Mishell), 699
- Gravidas with fetus considered at high risk, analysis of utility of plasma immunoreactive estrogen measurements in determining delivery time of (Duenhoelter, Whalley, and MacDonald), 889
- Growth hormone release, prolactin and, effects of large doses of estrogen on (Ehara, Siler, and Yen), 455
- inhibition, bacterial, by amniotic fluid. V. Phosphate-to-zinc ratio as predictor of bacterial growth-inhibitory activity (Schlievert, Johnson, and Galask), 899
- VI. Evidence for zinc-peptide antibacterial system (Schlievert, Johnson, and Galask), 906
- retardation, fetal, in relation to maternal smoking and weight gain in pregnancy (Miller, Hassanein, and Hensleigh), 55
- intrauterine, assessment of, by diagnostic ultrasound (Whetham, Muggah, and Davidson), 577
- severe fetal, with congenital anomaly, maternal estrogen levels in two pregnancies complicated by (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- Guest editorial, 1
- Gynecology, obstetrics and, doctors and patients in: Next 15 years (Pearse), 361

H

- HCG- β -subunit radioimmunoassay: Potential error in HCG measurement related to choice of labeled antigen (Tyrey and Hammond), 160
- Health Care Programs, Regionalized Perinatal, evaluation of (Berger, Gillings, and Siegel), 924
- Heart rate characteristics, baseline fetal, as indicator of fetal status during antepartum period (Trierweiler, Freeman, and James), 618
- monitor, ultrasonic fetal, evaluation of accuracy of (Lauersen, Hochberg, and George), 1125
- monitoring, continuous fetal, in high-risk pregnancy, evaluation of (Haverkamp et al.), 310
- fetal, in pregnant patients undergoing surgery (Katz, Hook, and Barash), 267 (Comm. in brief)
- instantaneous fetal, by electromagnetic methods (Hukkinen et al.), 1115
- patterns, fetal, clinical significance of, during labor. I. Baseline patterns (Cibils), 290
- Hematoma, rectus sheath, diagnosis of, by B-mode ultrasound: Case report (Hamilton et al.), 562 (Comm. in brief)
- Hemodynamics, uteroplacental, actions of uterine relaxant, fenoterol, on, in human subjects (Lippert, De Grandi, and Fridrich), 1093
- Hemoglobin, fetal, fluctuation of, in sickle-cell anemia (Morrison et al.), 1085
- Hemolytic syndrome, uremic (malignant nephrosclerosis during pregnancy and in postpartum period) (Beller et al.), 633
- Hemorrhage, spontaneous subarachnoid, maternal deaths due to (Barro and Freeman), 384
- Herpesvirus infection, disseminated, of neonate, experimental model for (Amstey and Kobos), 40
- High risk, analysis of utility of plasma immunoreactive estrogen measurements in determining delivery time of gravidas with fetus considered at (Duenhoelter, Whalley, and MacDonald), 889
- pregnancy (pregnancies), circulating maternal serum progesterone in (Dawood), 832
- evaluation of continuous fetal heart rate monitoring in (Haverkamp et al.), 310
- management protocol (Crane, Sauvage, and Arias), 227
- oral prostaglandin E_2 for labor induction in (Cunningham et al.), 881
- Histochemical changes during development and involution: Observations on human corpus luteum (Wiley and Esterly), 514
- histologic, and ultrastructural observations in five cases: Gonadoblastoma (Garvin et al.), 459
- Histologic, ultrastructural, and histochemical observations in five cases: Gonadoblastoma (Garvin et al.), 459
- Histopathologic evaluation of uteri curetted by flexible suction cannula (Hale et al.), 805
- Hormonal and biologic changes, maternal, fetal, and intra-amniotic, resulting from single dose of hydrocortisone injected in intra-amniotic compartment (Lefebvre et al.), 609
- treatment, pregnancy-zone protein present during pregnancy and, in women previously believed not to produce this protein (Damber, von Schoultz, and Stigbrand), 565 (Comm. in brief)
- Hormone, adrenocorticotrophic, in human fetal blood at delivery (Arai, Yanaiharu, and Okinaga), 1136
- (LH), luteinizing/FSH-releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- luteinizing, and follicle-stimulating hormone-releasing hormone, some notes on background of isolation, determination of structure, synthesis, and early clinical trials of (Schally), 1142 (Classic pages)
- release, growth, prolactin and, effects of large doses of estrogen on (Ehara, Siler, and Yen), 455
- Hospitalized, women, for intrauterine contraceptive device-related disorders, association between Dalkon Shield and complicated pregnancies among (Kahn and Tyler), 83
- Hyaline membrane disease in twins (de la Torre Verdusco, Rosario, and Rigatto), 668
- Hydrannonion and fetal renal anomalies (Perlman, Potashnik, and Wise), 966

- Hydrochloride, promethazine, modification of neonatal response by, I. Phagocytosis and erythroblastosis (Gusdon et al.), 224
- Hydrocortisone, single dose of, injected in intra-amniotic compartment, maternal, fetal, and intra-amniotic hormonal and biologic changes resulting from (Lefebvre et al.), 609
- Hydroxyvitamin D, 25-, late gestational human serum, factors influencing, III. Perinatal vitamin D metabolism (Hillman and Haddad), 196
- Hyperuricemia in pre-eclampsia (Fadel, Northrop, and Misenhimer), 640
- Hypothyroxinemic women, development or retardation of 7-year-old progeny of, IX. Thyroid function in human pregnancy (Man and Serunian), 949
- Hysterectomy, total abdominal, effect of antibiotic prophylaxis on patients undergoing. I. Effect on morbidity (Ohm and Galask), 442
- II. Alterations of microbial flora (Ohm and Galask), 448
- vaginal, conization-, morbidity, impact of cephalosporin prophylaxis on (Forney et al.), 100
- value of prophylactic antibiotics after (Boyd and Garceau), 581

I

- Immunity, maternal cellular, to human trophoblast antigens, effect of length of gestation on (Taylor et al.), 528
- Immunobiological function of syncytiotrophoblast: New theory (Morisada, Yamaguchi, and Iizuka), 3
- Immunologic aspects of pre-eclampsia (Scott and Beer), 418 (Current developments)
- Immunoreactive estrogen measurements, plasma, analysis of utility of, in determining delivery time of gravidas with fetus considered at high risk (Duenhoelter, Whalley, and MacDonald), 889
- Incontinence, detrusor overactivity, of urine, results in treating 210 patients with (Beck, Arnusch, and King), 593
- Induced, colcemid-, S_2 phase is responsible for tetraploidy found in cultured human amniotic fluid cells, proposed system whereby (Tegenkamp, Hux, and Tegenkamp), 554
- midtrimester abortions, with intra-amniotic prostaglandin $F_{2\alpha}$, effect of meperidine analgesia on (Staurovsky et al.), 185
- Induction, labor, oral prostaglandin E_2 for, in high-risk pregnancy (Cunningham et al.), 881
- with intravenous prostaglandin (Beck and Lilling), 648
- oral prostaglandin E_2 (Gabert, Brinton, and Brown), 333
- of midtrimester abortion, intra-amniotic administration of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ for (Dingfelder et al.), 821
- of ovulation (Evans and Townsend), 321
- Infants, premature newborn, relationship between cortisol levels in umbilical cord plasma and development of respiratory distress syndrome in (Sybulski and Maughan), 239
- who were neurologically abnormal at 1 year of age, patterns in, II. Computer interpreted fetal electroencephalogram (Chik et al.), 541
- Infection(s) associated with intrauterine contraceptive device, incidence of, in isolated community (Mead, Beecham, and Maack), 79
- disseminated herpesvirus, of neonate, experimental model for (Amstey and Kobos), 40
- use of prerduced media and portable jar for collection of anaerobic organisms from clinical sites of (Ledger et al.), 677
- with attenuated rubella virus, susceptibility of postpartum and postabortal cervix and uterine cavity to (Bolognese et al.), 525
- Infertile female, coexisting problem in: Endometriosis and anovulation (Soules et al.), 412
- Infertility, prognostic aid in surgical management of: Diagnostic laparoscopy (Israel and March), 969
- Injected, single dose of hydrocortisone, in intra-amniotic compartment, maternal, fetal, and intra-amniotic hormonal and biologic changes resulting from (Lefebvre et al.), 609
- Injury, in utero traumatic intra-abdominal deceleration, to fetus—Case report (Connor and Curran), 567 (Comm. in brief)
- Insoluble, cold-, globulin of plasma, identification of, in amniotic fluid (Chen, Mosesson, and Solish), 958
- Inspired, amniotic fluid, near term by human and rhesus fetuses, quantitative measurements of: Fetal respiration (Duenhoelter and Pritchard), 306

- Instillation, intra-amniotic, of urea or prostaglandin, culturability of fibroblasts from skin of abortuses after (Ju, Park, and Jones), 1155 (Comm. in brief)
- Instrument, new, appraisal of: Endometrial suction biopsy (Inglis and Weir), 1070
- Insulin levels, absolute neonatal, children of insulin-requiring diabetic patients (Martin), 71
- Intelligence, measured, in offspring of oral and nonoral contraceptive users (Fuertes-de la Haba, Santiago, and Bangdiwala), 980
- Intra-abdominal deceleration injury, in utero traumatic, to fetus—Case report (Connor and Curran), 567 (Comm. in brief)
- Intra-amniotic administration of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ for induction of midtrimester abortion (Dingfelder et al.), 821
- instillation of urea or prostaglandin, culturability of fibroblasts from skin of abortuses after (Ju, Park, and Jones), 1155 (Comm. in brief)
- maternal, and fetal hormonal and biologic changes resulting from single dose of hydrocortisone injected in intra-amniotic compartment (Lefebvre et al.), 609
- prostaglandin $F_{2\alpha}$, effect of meperidine analgesia on midtrimester abortions induced with (Stavrovsky et al.), 185
- saline and two prostaglandin $F_{2\alpha}$ dose schedules, comparative study of, for midtrimester abortion (Edelman et al.), 188
- Intrauterine contraception, demonstration of gonadotropin during second half of cycle in women using (Beling, Cederqvist, and Fuchs), 855 (Current investigation)
- contraceptive device, incidence of infections associated with, in isolated community (Mead, Beecham, and Maack), 79
- related disorders, association between Dalkon Shield and complicated pregnancies among women hospitalized for (Kahn and Tyler), 83
- device(s), ectopic pregnancy associated with: Study of seventy cases (Hallatt), 754
- mycotic tubo-ovarian abscess associated with (Kostelnik and Freymount), 272 (Comm. in brief)
- TCu-200, ultrastructural studies on endometrium of women wearing, by means of transmission and scanning electron microscopy and x-ray dispersive analysis (González-Angulo and Aznar-Ramos), 170
- growth retardation, assessment of, by diagnostic ultrasound (Whetham, Muggah, and Davidson), 577
- monitoring, fetal scalp abscess secondary to (Plavidal and Werch), 65
- Intravenous prostaglandin, induction of labor with (Beck and Lilling), 648
- Isolation, determination of structure, synthesis, and early clinical trials of luteinizing hormone- and follicle-stimulating hormone-releasing hormone, some notes on background of (Schally), 1142 (Classic pages)
- Items, 134, 429-430, 727-728, 1028
- IUD users and nonusers, oral contraceptive steroid and, carcinoma of cervix in (Sandmire, Austin, and Bechtel), 339

L

- Labeled antigen, potential error in HCG measurement related to choice of: HCG- β -subunit radioimmunoassay (Tyrey and Hammond), 160
- Labor, clinical significance of fetal heart rate patterns during, I. Baseline patterns (Cibils), 290
- and delivery, cortisol levels in umbilical cord plasma in relation to (Sybulski and Maughan), 236
- induction, oral prostaglandin E_2 for, in high-risk pregnancy (Cunningham et al.), 881
- of, with intravenous prostaglandin (Beck and Lilling), 648
- oral prostaglandin E_2 (Gabert, Brinton, and Brown), 333
- premature, effect of terbutaline on (Ingemarsson), 520
- Laparoscopic tubal fulguration, bilateral, ruptured ectopic pregnancy after (Sheikh and Yussman), 569 (Comm. in brief)
- Laparoscopy, diagnostic: Prognostic aid in surgical management of infertility (Israel and March), 969
- in obese patient (Loffer and Pent), 104
- Lecithin metabolism, fetal lung, and amniotic fluid L/S ratio in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- Lesions, placental, in experimental toxemia in rabbit (Abitbol, Driscoll, and Ober), 942

- LH/FSH-releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- Lipid metabolism, carbohydrate and, effects of norgestrel on, over one year (Spellacy, Buhl, and Birk), 984
- Low birth weight, simple assessment of risk of, to select women for nutritional intervention (Lechtig et al.), 25
- LRH (LH/FSH-releasing hormone), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- L/S ratio, amniotic fluid, fetal lung lecithin metabolism and, in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- Lung lecithin metabolism, fetal, and amniotic fluid L/S ratio in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- maturity, indices of: Phosphatidylinositol and phosphatidylglycerol in amniotic fluid (Hallman et al.), 613
- Luteinizing hormone- and follicle-stimulating hormone-releasing hormone, some notes on background of isolation, determination of structure, synthesis, and early clinical trials of (Schally), 1142 (Classic pages)
- (LH)/FSH-releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- Luteum, human corpus, observations on: Histochemical changes during development and involution (Wiley and Esterly), 514
- Lymphocyte culture reactivity, depressed mixed, in mothers with recurrent spontaneous abortion (Lauritsen, Kristensen, and Grunnet), 35
- Lysosomes of human fetal membranes, demonstration of phospholipase A_2 in, IV. Initiation of human parturition (Schwarz et al.), 1089

M

- Malignant nephrosclerosis during pregnancy and in postpartum period (uremic hemolytic syndrome) (Beller et al.), 633
- Mary Wollstonecraft, obstetric death of (Kaiser), 1
- Maternal cellular immunity to human trophoblast antigens, effect of length of gestation on (Taylor et al.), 528
- deaths in California from 1967 to 1971 (Coppes and Messer), 393
- due to spontaneous subarachnoid hemorrhage (Barno and Freeman), 384
- estrogen levels in two pregnancies complicated by severe fetal growth retardation with congenital anomaly (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- fetal, and intra-amniotic hormonal and biologic changes resulting from single dose of hydrocortisone injected in intra-amniotic compartment (Lefebvre et al.), 609
- P_{CO_2} and bicarbonate concentration, interdependence of, I. Fetal acid-base balance (Chang and Wood), 61
- plasma dehydroisoandrosterone sulfate, pattern and rates of metabolism of, in human pregnancy (Madden et al.), 915
- estradiol and progestins, uterine blood flow, and oxygen consumption following fetal death (Caton et al.), 624
- serum progesterone, circulating, in high-risk pregnancies (Dawood), 832
- smoking and weight gain in pregnancy, fetal growth retardation in relation to (Miller, Hassanein, and Hensleigh), 55
- Mathematical model: Relationship of metabolic clearance rate of dehydroisoandrosterone sulfate to placental blood flow (Clewell and Meschia), 507
- Maturity, fetal, amniotic fluid tests for, in normal and abnormal pregnancies (Doran et al.), 586
- lung, indices of: Phosphatidylinositol and phosphatidylglycerol in amniotic fluid (Hallman et al.), 613
- Media, prerduced, and portable jar, use of, for collection of anaerobic organisms from clinical sites of infection (Ledger et al.), 677
- Medical care during pregnancy and delivery, satisfaction with (Light, Solheim, and Hunter), 827
- and social factors affecting early teenage pregnancy (Dott and Fort), 532
- Mellitus, diabetes, remission of, during pregnancy (Gabbie, Dizerega, and Mestman), 264 (Comm. in brief)
- Membrane(s) disease, hyaline, in twins (de la Torre Verdusco, Rosarto, and Rigatto), 668

Membrane(s)—Cont'd

- human fetal, demonstration of phospholipase A_2 in lysosomes of, IV. Initiation of human parturition (Schwarz et al.), 1089
- prematurely and non-prematurely ruptured, mechanical properties of (Artal et al.), 655
- Menopausal gonadotropin therapy, human, effect of clomiphene citrate upon amount and duration of (March, Tredway, and Mishell), 699
- Meperidine analgesia, effect of, on midtrimester abortions induced with intra-amniotic prostaglandin $F_{2\alpha}$ (Staurovsky et al.), 185
- Menstrual cycle, plasma androgen levels during (Vermeulen and Verdonck), 491
- Mestranol, 0.1 mg., norethindrone, 2 mg., and, response of binding capacity of plasma testosterone-estradiol-binding globulin to, in polycystic ovarian disease (Andersen et al.), 166
- Metabolic clearance rate of dehydroisoandrosterone sulfate, relationship of, to placental blood flow: Mathematical model (Clewell and Meschia), 507
- endocrine-, response to acute starvation in human gestation (Tyson et al.), 1073
- Metabolism, carbohydrate and lipid, effects of norgestrel on, over one year (Spellacy, Buhí, and Birk), 984
- fetal lung lecithin, and amniotic fluid L/S ratio in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- of maternal plasma dehydroisoandrosterone sulfate, pattern and rates of, in human pregnancy (Madden et al.), 915
- perinatal vitamin D. III. Factors influencing late gestational human serum 25-hydroxyvitamin D (Hillman and Haddad), 196
- Metastatic placental tumors: Report of three cases (Smythe, Underwood, and Kreutner), 1149 (Comm. in brief)
- Methyl, 15(S)-15-, -prostaglandin $F_{2\alpha}$, intra-amniotic administration of, for induction of midtrimester abortion (Dingfelder et al.), 821
- Microbial flora, alterations of, II. Effect of antibiotic prophylaxis on patients undergoing total abdominal hysterectomy (Ohm and Galask), 448
- Microinvasive carcinoma of cervix (Ruch, Pitcock, and Ruch), 87
- squamous-cell carcinoma of vulva (Jafari and Cartnick), 274 (Comm. in brief)
- Microscopy, transmission and scanning electron, and x-ray dispersive analysis, ultrastructural studies on endometrium of women wearing TCu-200 intrauterine devices by means of (González-Angulo and Aznar-Ramos), 170
- Midcycle contraceptive (R 2323), action of, on human endometrium (Azadian-Boulanger et al.), 1049
- Midtrimester abortion(s), comparative study of intra-amniotic saline and two prostaglandin $F_{2\alpha}$ dose schedules for (Edelman et al.), 188
- induced with intra-amniotic prostaglandin $F_{2\alpha}$, effect of meperidine analgesia on (Staurovsky et al.), 185
- intra-amniotic administration of 15(S)-15-methyl-prostaglandin $F_{2\alpha}$ for induction of (Dingfelder et al.), 821
- Aspects of normal psychology of pregnancy (Barclay and Barclay), 207
- Mixed lymphocyte culture reactivity, depressed, in mothers with recurrent spontaneous abortion (Lauritsen, Kristensen, and Grunnet), 35
- Monitor, ultrasonic fetal heart rate, evaluation of accuracy of (Lauersen, Hochberg, and George), 1125
- Monitoring, continuous fetal heart rate, in high-risk pregnancy, evaluation of (Haverkamp et al.), 310
- fetal heart rate, in pregnant patients undergoing surgery (Katz, Hook, and Barash), 267 (Comm. in brief)
- unusual complication of: Fetal bleeding (Fernandez-Rocha and Oullette), 1153 (Comm. in brief)
- instantaneous fetal heart rate, by electromagnetic methods (Hukkinen et al.), 1115
- Monophosphate (cAMP), 3',5'-, cyclic adenosine, in pregnancy body fluids during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597
- Morbidity, conization-vaginal hysterectomy, impact of cephalosporin prophylaxis on (Forney et al.), 100
- effect on, I. Effect of antibiotic prophylaxis on patients undergoing total abdominal hysterectomy (Ohm and Galask), 442
- Motility, in vitro, of human Fallopian tube, influence of copper on (Larsson, Ljung, and Hamberger), 682
- Mucinous tumors of ovary. II. Ultrastructural features of mucinous cystadenocarcinomas (Fenoglio, Ferenczy, and Richart), 990
- Mucus enzymes, cervical, cyclic changes of, related to time of ovulation. I. Alkaline phosphatase (Moghissi, Syner, and Borin), 1044
- Muscle cells, human uterine smooth, ultrastructural observations of, during gestation (Dessouky), 1099
- Myasthenia, neonatal (Dunn), 265 (Comm. in brief)
- Mycotic tubo-ovarian abscess associated with intrauterine device (Koselnik and Fremount), 272 (Comm. in brief)

N

- Neonatal insulin levels, absolute, in children of insulin-requiring diabetic patients (Martin), 71
- myasthenia (Dunn), 265 (Comm. in brief)
- response, modification of, by promethazine hydrochloride, I. Phagocytosis and erythroblastosis (Gusdon et al.), 224
- Neonate, drug addiction in pregnancy and (Blinick et al.), 135 (Clinical opinion)
- experimental model for disseminated herpesvirus infection of (Amstey and Kobos), 40
- Neoplasms, trophoblastic, limitation of specific serum radioimmunoassay for human chorionic gonadotropin in management of (Schreiber et al.), 705 (Current investigation)
- Nephrosclerosis, malignant, during pregnancy and in postpartum period (uremic hemolytic syndrome) (Beller et al.), 633
- Neuroendocrine function, psychological interaction with: Galactorrhea-amenorrhea (Zacur et al.), 859 (Current investigation)
- Neurologically abnormal, infants who were, at 1 year of age, patterns in, II. Computer interpreted fetal electroencephalogram (Chik et al.), 541
- Newborn infants, premature, relationship between cortisol levels in umbilical cord plasma and development of respiratory distress syndrome in (Sybulski and Maughan), 239
- Node biopsy, scalene, in pretreatment staging of carcinoma of cervix uteri (Perez-Mesa and Spratt), 93
- Norethindrone, 2 mg., and mestranol, 0.1 mg., response of binding capacity of plasma testosterone-estradiol-binding globulin to, in polycystic ovarian disease (Andersen et al.), 166
- Norgestrel, effects of, on carbohydrate and lipid metabolism over one year (Spellacy, Buhí, and Birk), 984
- Nutrients, effect of oral contraceptives on. III. Vitamins B_6 , B_{12} , and folic acid (Prasad et al.), 1063
- Nutritional intervention, simple assessment of risk of low birth weight to select women for (Lechtig et al.), 25

O

- Obese patient, laparoscopy in (Loffer and Pent), 104
- Obstetric(s) death of Mary Wollstonecraft (Kaiser), 1 (Guest editorial)
- and gynecology, doctors and patients in: Next 15 years (Pearse), 361
- parameters, relation of, to concentrations of four pregnancy-associated plasma proteins at term in normal gestation (Lin, Halbert, and Spellacy), 17
- Obstruction, unilateral vaginal, lateral communicating double uterus with (Neves-Castro et al.), 865 (Comm. in brief)
- Offspring of oral and nonoral contraceptive users, measured intelligence in (Fuentes-de la Haba, Santiago, and Bangdiwala), 980
- Oral contraceptive(s), effect of, on nutrients. III. Vitamins B_6 , B_{12} , and folic acid (Prasad et al.), 1063
- "pills," massive colonic bleeding and (Prust and Kumar), 695
- potencies of (Edgren and Sturtevant), 1029 (Clinical opinion)
- steroid and IUD users and nonusers, carcinoma of cervix in (Sandmire, Austin, and Bechtel), 339
- therapy, thromboembolic and other complications of, in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study, VII. Progestational agents and blood coagulation (Ambrus et al.), 1057
- three new low-dose, estrogen potencies of (Dickey, Chihai, and Peppler), 976
- and nonoral contraceptive users, measured intelligence in offspring of (Fuentes-de la Haba, Santiago, and Bangdiwala), 980
- prostaglandin E_2 , induction of labor with (Gabert, Brinton, and Brown), 333
- for labor induction in high-risk pregnancy (Cunningham et al.), 881
- Organisms, anaerobic, use of prerduced media and portable jar for collection of, from clinical sites of infection (Ledger et al.), 677
- Ovarian and adrenal vein catheterization, differential (Wentz et al.), 1000

Ovarian—Cont'd

- cancer, thermostable antigen associated with (Burton, Hope, and Lubbers), 472
- disease, polycystic, response of binding capacity of plasma testosterone-estradiol-binding globulin to norethindrone, 2 mg., and mestranol, 0.1 mg., in (Andersen et al.), 166
- stromal tumors, treatment of (Schwartz and Smith), 402
- Ovary, androgenic polycystic (Greenblatt and Mahesh), 712 (Current developments)
- mucinous tumors of. II. Ultrastructural features of mucinous cystadenocarcinomas (Fenoglio, Ferenczy, and Richart), 990
- Ovulation, cyclic changes of cervical mucus enzymes related to time of. I. Alkaline phosphatase (Moghissi, Syner, and Borin), 1044
- induction of (Evans and Townsend), 321
- salivary phosphate as indicator of (Ben-Aryeh et al.), 871 (Comm. in brief)
- Oxygen consumption, uterine blood flow, and maternal plasma estradiol and progestins following fetal death (Caton et al.), 624
- Oxytocin challenge test, negative, abruptio placentae following (Seski and Compton), 276 (Comm. in brief)

P

- Pacific Coast Obstetrical and Gynecological Society, transactions, forty-second annual meeting, 729-820
- Papillary serous cystadenoma arising in paramesonephric cyst of parovarium (Honoré and Nickerson), 870 (Comm. in brief)
- Paracervical block, post-, bradycardia: Prediction and preventability (Goodlin, Crocker, and Haesslein), 665
- Paramesonephric cyst of parovarium, papillary serous cystadenoma arising in (Honoré and Nickerson), 870 (Comm. in brief)
- Parametrial phlebectasia: Clinical-pathologic entity (Hanzlik and Leissring), 431 (Clinical opinion)
- Parity and age, influence of. I. Studies on blood pressure during pregnancy (Christianson), 509
- Parovarium, papillary serous cystadenoma arising in paramesonephric cyst of (Honoré and Nickerson), 870 (Comm. in brief)
- Parturition, human, initiation of. IV. Demonstration of phospholipase A₂ in lysosomes of human fetal membranes (Schwarz et al.), 1089
- Pathologic, clinical, entity: Parametrial phlebectasia (Hanzlik and Leissring), 431 (Clinical opinion)
- Pco₂ and bicarbonate concentration, maternal and fetal, interdependence of. I. Fetal acid-base balance (Chang and Wood), 61
- Pelvic cancer, vaginal reconstruction following extensive treatment for (Watring et al.), 809
- Peptide, zinc-, antibacterial system, evidence for. VI. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 906
- Pereyra procedure (Backer and Probst), 346
- Perforated duodenal ulcer in pregnancy with double survival (Tew, Holliday, and Phibbs), 1151 (Comm. in brief)
- Perinatal Health Care Program, Regionalized, evaluation of (Berger, Gillings, and Siegel), 924
- vitamin D metabolism. III. Factors influencing late gestational human serum 25-hydroxyvitamin D (Hillman and Hadad), 196
- Phagocytosis and erythroblastosis. I. Modification of neonatal response by promethazine hydrochloride (Gusdon et al.), 224
- Phlebectasia, parametrial: Clinical-pathologic entity (Hanzlik and Leissring), 431 (Clinical opinion)
- Phosphatase, alkaline. I. Cyclic changes of cervical mucus enzymes related to time of ovulation (Moghissi, Syner, and Borin), 1044
- Phosphate dehydrogenase, glucose-6-, deficiency in pregnancy, significance of (Perkins), 215
- salivary, as indicator of ovulation (Ben-Aryeh et al.), 871 (Comm. in brief)
- to-zinc ratio as predictor of bacterial growth-inhibitory activity. V. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 899
- Phosphatidylglycerol, phosphatidylinositol and, in amniotic fluid: Indices of lung maturity (Hallman et al.), 613
- Phosphatidylinositol and phosphatidylglycerol in amniotic fluid: Indices of lung maturity (Hallman et al.), 613
- Phospholipase A₂, demonstration of, in lysosomes of human fetal membranes. IV. Initiation of human parturition (Schwarz et al.), 1089

Physiologic model of dehydroepiandrosterone to estrogen conversion system in fetoplacental unit. I. Development (Nagey et al.), 249

II. Preliminary clinical application—Dehydroepiandrosterone loading test (Pupkin et al.), 256

"Pills," oral contraceptive, massive colonic bleeding and (Prust and Kumar), 695

Pituitary tumors in patients with secondary amenorrhea (Haesslein and Lamb), 759

Placentae, abruptio, following negative oxytocin challenge test (Seski and Compton), 276 (Comm. in brief)

Placental blood flow, relationship of metabolic clearance rate of dehydroisoandrosterone sulfate to: Mathematical model (Clewell and Meschia), 507

lesions in experimental toxemia in rabbit (Abitbol, Driscoll, and Ober), 942

tumors, metastatic: Report of three cases (Smythe, Underwood, and Kreutner), 1149 (Comm. in brief)

Plasma androgen levels during menstrual cycle (Vermeulen and Verdonck), 491

dehydroisoandrosterone sulfate, maternal, pattern and rates of metabolism of, in human pregnancy (Madden et al.), 915

estradiol and progestins, maternal, uterine blood flow, and oxygen consumption following fetal death (Caton et al.), 624

identification of cold-insoluble globulin of, in amniotic fluid (Chen, Mosesson, and Solish), 958

immunoreactive estrogen measurements, analysis of utility of, in determining delivery time of gravidas with fetus considered at high risk (Duenhoelter, Whalley, and MacDonald), 889

proteins, four pregnancy-associated, concentrations of, at term in normal gestation, relation of obstetric parameters to (Lin, Halbert, and Spellacy), 17

testosterone-estradiol-binding globulin, response of binding capacity of, to norethindrone, 2 mg., and mestranol, 0.1 mg., in polycystic ovarian disease (Andersen et al.), 166

umbilical cord, cortisol levels in, and development of respiratory distress syndrome in premature newborn infants, relationship between (Sybulski and Maughan), 239

in relation to labor and delivery (Sybulski and Maughan), 236

Polycystic ovarian disease, response of binding capacity of plasma testosterone-estradiol-binding globulin to norethindrone, 2 mg., and mestranol, 0.1 mg., in (Andersen et al.), 166

ovary, androgenic (Greenblatt and Mahesh), 712 (Current developments)

Postabortal cervix and uterine cavity, postpartum and, susceptibility of, to infection with attenuated rubella virus (Bolognese et al.), 525

Postmaturity, gestational, classical and "true" (Boyce, Mayaux, and Schwartz), 911

Postpartum period, malignant nephrosclerosis during pregnancy and in (uremic hemolytic syndrome) (Beller et al.), 633

and postabortal cervix and uterine cavity, susceptibility of, to infection with attenuated rubella virus (Bolognese et al.), 525

Pre-eclampsia, hyperuricemia in (Fadel, Northrop, and Misenhimer), 640

immunologic aspects of (Scott and Beer), 418 (Current developments)

severe: Another great imitator (Goodlin), 747

Pregnancy (pregnancies), aspects of normal psychology of: Midtrimester (Barclay and Barclay), 207

-associated plasma proteins, four, concentrations of, at term in normal gestation, relation of obstetric parameters to (Lin, Halbert, and Spellacy), 17

body fluids, cyclic adenosine 3',5'-monophosphate (cAMP) in, during normal and abnormal pregnancy (Yuen, Wittmann, and Staley), 597

complicated, among women hospitalized for intrauterine contraceptive device-related disorders, association between Dalkon Shield and (Kahn and Tyler), 83

and delivery, satisfaction with medical care during (Light, Solheim, and Hunter), 827

drug addiction in, and neonate (Blinick et al.), 135 (Clinical opinion)

early teenage, medical and social factors affecting (Dott and Fort), 532

ectopic, associated with intrauterine device: Study of seventy cases (Hallatt), 754

fetal growth retardation in relation to maternal smoking and weight gain in (Miller, Hassanein, and Hensleigh), 55

- Pregnancy (pregnancies)—Cont'd
- gonadotropin response after administration of LH/FSH-releasing hormone (LRH) during, and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
 - high-risk, circulating maternal serum progesterone in (Dawood), 832
 - evaluation of continuous fetal heart rate monitoring in (Haverkamp et al.), 310
 - oral prostaglandin E₂ for labor induction in (Cunningham et al.), 881
 - human, pattern and rates of metabolism of maternal plasma dehydroisoandrosterone sulfate in (Madden et al.), 915
 - thyroid function in. IX. Development or retardation of 7-year-old progeny of hypothyroxinemic women (Man and Serunian), 949
 - impact of mean arterial pressure in middle trimester upon outcome of (Page and Christianson), 740
 - late, and puerperium, glucagon secretion in (Leblanc, Anderson, and Yen), 708 (Current investigation)
 - malignant nephrosclerosis during, and in postpartum period (uremic hemolytic syndrome) (Beller et al.), 633
 - management protocol, high-risk (Crane, Sauvage, and Arias), 227
 - normal and abnormal, amniotic fluid tests for fetal maturity in (Doran et al.), 586
 - perforated duodenal ulcer in, with double survival (Tew, Holliday, and Phibbs), 1151 (Comm. in brief)
 - remission of diabetes mellitus during (Gabbe, Dizerega, and Mestman), 264 (Comm. in brief)
 - Rh-sensitized, amniotic fluid analysis in (Duhring, McKean, and Hager), 368
 - ruptured ectopic, after bilateral laparoscopic tubal fulguration (Sheikh and Yussman), 569 (Comm. in brief)
 - significance of glucose-6-phosphate dehydrogenase deficiency in (Perkins), 215
 - studies on blood pressure during. I. Influence of parity and age (Christianson), 509
 - two, complicated by severe fetal growth retardation with congenital anomaly, maternal estrogen levels in (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
 - urine, assay of estriol-16 α -(β -D-glucuronide) in, with specific antiserum (DiPietro), 841
 - venous distensibility during, determined by graded venous congestion (Barwin and Roddie), 921
 - zone protein present during pregnancy and hormonal treatment in women previously believed not to produce this protein (Damber, von Schoultz, and Stigbrand), 565 (Comm. in brief)
- Pregnant diabetic, intensive care of (Gugliucci et al.), 435 (Clinical opinion)
- ovine, I. Sampling fetoplacental circulation (Morris et al.), 1121
 - patients undergoing surgery, fetal heart rate monitoring in (Katz, Hook, and Barash), 267 (Comm. in brief)
- Premature labor, effect of terbutaline on (Ingemarsson), 520
- newborn infants, relationship between cortisol levels in umbilical cord plasma and development of respiratory distress syndrome in (Sybulski and Maughan), 239
- Prematurely and non-prematurely ruptured membranes, mechanical properties of (Artal et al.), 655
- Prereduced media and portable jar, use of, for collection of anaerobic organisms from clinical sites of infection (Ledger et al.), 677
- Presentation, breech, patterns of management with (Wolter), 733
- fetal, variation of, with gestational age (Scheer and Nubar), 269 (Comm. in brief)
- Pressure, blood, studies, on, during pregnancy. I. Influence of parity and age (Christianson), 509
- uterine activity and, effect of epidural anesthesia on (Matadial and Cibils), 846
 - mean arterial, in middle trimester, impact of, upon outcome of pregnancy (Page and Christianson), 740
 - studies, electromyographic and, in canine bladder (Beck et al.), 603
- Primary carcinoma of Fallopian tube (Kinzel), 816
- Private practice, requiem for (Walker), 729
- Progeny, 7-year-old, of hypothyroxinemic women, development or retardation of, IX. Thyroid function in human pregnancy (Man and Serunian), 949
- Progestational agents and blood coagulation. VII. Thromboembolic and other complications of oral contraceptive therapy in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study (Ambrus et al.), 1057
- Progesterone binding in human endometrial carcinomas (Young, Ehrlich, and Cleary), 353
- circulating maternal serum, in high-risk pregnancies (Dawood), 832
- Progestins, maternal plasma estradiol and, uterine blood flow, and oxygen consumption following fetal death (Caton et al.), 624
- Prolactin and growth hormone release, effects of large doses of estrogen on (Ehara, Siler, and Yen), 455
- secreting adenoma, mechanism of suppression of gonadotropin levels in patient with: Longitudinal case study (Rolland et al.), 1152 (Comm. in brief)
- Prolapse of Fallopian tube into vaginal vault (Carmichael), 266 (Comm. in brief)
- of vaginal vault (Rust, Botte, and Howlett), 768
- Promethazine hydrochloride, modification of neonatal response by, I. Phagocytosis and erythroblastosis (Gusdon et al.), 224
- Prophylactic antibiotics after vaginal hysterectomy, value of (Boyd and Garceau), 581
- for vaginal surgery: Historical addendum (Thomsen), 270 (Comm. in brief)
- Prophylaxis, antibiotic, effect of, on patients undergoing total abdominal hysterectomy. I. Effect on morbidity (Ohm and Galask), 442
- II. Alterations of microbial flora (Ohm and Galask), 442
 - cephalosporin, impact of, on conization-vaginal hysterectomy morbidity (Forney et al.), 100
- Prostaglandin E₂, oral, induction of labor with (Gabert, Brinton, and Brown), 333
- for labor induction in high-risk pregnancy (Cunningham et al.), 881
- F α dose schedules, two, intra-amniotic saline and, comparative study of, for midtrimester abortion (Edelman et al.), 188
- 15(S)-15-methyl-, intra-amniotic administration of, for induction of midtrimester abortion (Dingfelder et al.), 821
 - intra-amniotic, effect of meperidine analgesia on midtrimester abortions induced with (Staurovsky et al.), 185
 - intravenous, induction of labor with (Beck and Lilling), 648
 - urea or, culturability of fibroblasts from skin of abortions after intra-amniotic instillation of (Ju, Park, and Jones), 1155 (Comm. in brief)
- Protein(s), four pregnancy-associated plasma, concentrations of, at term in normal gestation, relation of obstetric parameters to (Lin, Halbert, and Spellacy), 17
- pregnancy-zone, present during pregnancy and hormonal treatment in women previously believed not to produce this protein (Damber, von Schoultz, and Stigbrand), 565 (Comm. in brief)
- Psychological interaction with neuroendocrine function: Galactorrhea-amenorrhea (Zacur et al.), 859 (Current investigation)
- Psychology, normal, of pregnancy, aspects of: Midtrimester (Barclay and Barclay), 207
- Puerperium, late pregnancy and, glucagon secretion in (Leblanc, Anderson, and Yen), 708 (Current investigation)
- Puncture, Douglas cul-de-sac, in ambulatory patients, new apparatus for (Zylberberg), 271 (Comm. in brief)

R

- R 2323 (midcycle contraceptive), action of, on human endometrium (Azadian-Boulanger et al.), 1049
- Radioimmunoassay, HCG- β -subunit: Potential error in HCG measurement related to choice of labeled antigen (Tyrey and Hammond), 160
- rapid, flow-through column, for human chorionic somatomammotropin (Johnson, Yoder, and Adams), 45
 - specific serum, for human chorionic gonadotropin, limitation of, in management of trophoblastic neoplasms (Schreiber et al.), 705 (Current investigation)
- Rate(s) characteristics, baseline fetal heart, as indicator of fetal status during antepartum period (Trierweiler, Freeman, and James), 618
- metabolic clearance, of dehydroisoandrosterone sulfate, relationship of, to placental blood flow: Mathematical model (Clewell and Meschia), 507
 - monitor, ultrasonic fetal heart, evaluation of accuracy of (Lauersen, Hochberg, and George), 1125
 - monitoring, continuous fetal heart, in high-risk pregnancy, evaluation of (Haverkamp et al.), 310

Rate(s) monitoring—Cont'd

- fetal heart, in pregnant patients undergoing surgery (Katz, Hook, and Barash), 267 (Comm. in brief)
- instantaneous fetal heart, by electromagnetic methods (Hukkinen et al.), 1115
- pattern(s), fetal heart, clinical significance of, during labor. I. Baseline patterns (Cibils), 290
- and, of metabolism of maternal plasma dehydroisoandrosterone sulfate in human pregnancy (Madden et al.), 915
- Ratio, amniotic fluid L/S, fetal lung lecithin metabolism and, in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- phosphate-to-zinc, as predictor of bacterial growth-inhibitory activity, V. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 899
- Reconstruction, vaginal, following extensive treatment for pelvic cancer (Warring et al.), 809
- Rectovaginal endometriosis: Isolated enigma (March and Israel), 274 (Comm. in brief)
- Rectus sheath hematoma, diagnosis of, by B-mode ultrasound: Case report (Hamilton et al.), 562 (Comm. in brief)
- Regionalization of birth defects prevention clinic (Acker and Richman), 933
- Regionalized Perinatal Health Care Programs, evaluation of (Berger, Gillings, and Siegel), 924
- Relaxant, uterine, fenoterol, actions of, on uteroplacental hemodynamics in human subjects (Lippert, De Grandi, and Fridrich), 1093
- Releasing hormone (LRH), LH/FSH-, gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppson and Rannevik), 484
- luteinizing hormone- and follicle-stimulating hormone-, some notes on background of isolation, determination of structure, synthesis, and early clinical trials of (Schally), 1142 (Classic pages)
- Remission of diabetes mellitus during pregnancy (Gabbie, Dizerega, and Mestman), 264 (Comm. in brief)
- Renal anomalies, fetal, hydramnion and (Perlman, Potashnik, and Wise), 966
- Reproductive performance of women successfully treated for gestational trophoblastic tumors (Walden and Bagshawe), 1108
- Respiration, fetal: Quantitative measurements of amniotic fluid inspired near term by human and rhesus fetuses (Duenhoeelter and Prichard), 306
- Respiratory distress syndrome, relationship between cortisol levels in umbilical cord plasma and development of, in premature newborn infants (Sybulski and Maughan), 239
- Retardation, development or, of 7-year-old progeny of hypothyroxinemic women, IX. Thyroid function in human pregnancy (Man and Serunian), 949
- fetal growth, in relation to maternal smoking and weight gain in pregnancy (Miller, Hassanein, and Hensleigh), 55
- intrauterine growth, assessment of, by diagnostic ultrasound (Whetham, Muggah, and Davidson), 577
- severe fetal growth, with congenital anomaly, maternal estrogen levels in two pregnancies complicated by (Sybulski, Asswad, and Maughan), 864 (Comm. in brief)
- Reticulum-cell sarcoma of cervix (Delgado et al.), 691
- Rh-positive blood, transfusion of, into Rh-negative women (Keith, Berger, and Pollack), 502
- sensitized pregnancies, amniotic fluid analysis in (Duhring, McKean, and Hager), 368
- Risk, high, analysis of utility of plasma immunoreactive estrogen measurements in determining delivery time of gravidas with fetus considered at (Duenhoeelter, Whalley, and MacDonald), 889
- pregnancy (pregnancies), circulating maternal serum progesterone in (Dawood), 832
- evaluation of continuous fetal heart rate monitoring in (Haverkamp et al.), 310
- management protocol (Crane, Sauvage, and Arias), 227
- oral prostaglandin E₂ for labor induction in (Cunningham et al.), 881
- Rubella virus, attenuated, susceptibility of postpartum and postabortal cervix and uterine cavity to infection with (Bolognese et al.), 525
- Ruptured ectopic pregnancy after bilateral laparoscopic tubal fulguration (Sheikh and Yussman), 569 (Comm. in brief)
- membranes, prematurely and non-prematurely, mechanical properties of (Artal et al.), 655

S

- S₂ phase, colcemid-induced, is responsible for tetraploidy found in cultured human amniotic fluid cells, proposed system whereby (Tegenkamp, Hux, and Tegenkamp), 554
- Saline, intra-amniotic, and two prostaglandin F_{2α} dose schedules, comparative study of, for midtrimester abortion (Edelman et al.), 188
- Salivary phosphate as indicator of ovulation (Ben-Aryeh et al.), 871 (Comm. in brief)
- Sampling fetoplacental circulation. I. Pregnant ovine (Morris et al.), 1121
- Sarcoma, reticulum-cell, of cervix (Delgado et al.), 691
- Scalene node biopsy in pretreatment staging of carcinoma of cervix uteri (Perez-Mesa and Spratt), 93
- Scalp abscess, fetal, secondary to intrauterine monitoring (Plavidal and Werch), 65
- Scanning electron microscopy, transmission and, and x-ray dispersive analysis, ultrastructural studies on endometrium of women wearing TCu-200 intrauterine devices by means of (Gonzalez-Angulo and Aznar-Ramos), 170
- Schiller test in patients before conization, critical evaluation of (Rubio and Thomassen), 96
- Screening, cervical cancer, prevalence of, in United States in 1970 (Rochat), 478
- Secondary amenorrhea, pituitary tumors in patients with (Haesslein and Lamb), 759
- Secreting, prolactin-, adenoma, mechanism of suppression of gonadotropin levels in patient with: Longitudinal case study (Rolland et al.), 1152 (Comm. in brief)
- Secretion, glucagon, in late pregnancy and puerperium (Leblanc, Anderson, and Yen), 708 (Current investigation)
- Section, cesarean, changing trends in (Hibbard), 798
- extraperitoneal cesarean: New need for old skills (Imig and Perkins), 51
- Sensitized, Rh-, pregnancies, amniotic fluid analysis in (Duhring, McKean, and Hager), 368
- Serous cystadenoma, papillary, arising in paramesonephric cyst of parovarium (Honore and Nickerson), 870 (Comm. in brief)
- Serum progesterone, circulating maternal, in high-risk pregnancies (Dawood), 832
- radioimmunoassay, specific, for human chorionic gonadotropin, limitation of, in management of trophoblastic neoplasms (Schreiber et al.), 705 (Current investigation)
- 25-hydroxyvitamin D, late gestational human, factors influencing, III. Perinatal vitamin D metabolism (Hillman and Haddad), 196
- unconjugated estril levels in third trimester and relationship to gestational age (Buster et al.), 672
- Sexually transmissible diseases (Evans), 116 (Current developments)
- Shadows or light? (Ranney), 382
- Sheath hematoma, rectus, diagnosis of, by B-mode ultrasound: Case report (Hamilton et al.), 562 (Comm. in brief)
- Shield, Dalkon, and complicated pregnancies among women hospitalized for intrauterine contraceptive device-related disorders, association between (Kahn and Tyler), 83
- Sickle-cell anemia, fluctuation of fetal hemoglobin in (Morrison et al.), 1085
- Situ, carcinoma in, of uterine cervix, conization as only treatment of (Bjerre et al.), 143
- Skin of abortuses, culturability of fibroblasts from, after intra-amniotic instillation of urea or prostaglandin (Ju, Park, and Jones), 1155 (Comm. in brief)
- Smoking and weight gain, maternal, in pregnancy, fetal growth retardation in relation to (Miller, Hassanein, and Hensleigh), 55
- Smooth muscle cells, human uterine, ultrastructural observations of, during gestation (Dessouky), 1099
- Social factors, medical and, affecting early teenage pregnancy (Dott and Fort), 532
- Society of Obstetricians and Gynaecologists of Canada, transactions, thirty-first annual meeting, 577-612
- Somatomammotropin, human chorionic, rapid, flow-through column radioimmunoassay for (Johnson, Yoder, and Adams), 45
- Sphingomyelin (S), L/, ratio, amniotic fluid, fetal lung lecithin metabolism and, in rhesus monkey gestations (Epstein, Farrell, and Chez), 545
- Spontaneous abortion, recurrent, depressed mixed lymphocyte culture reactivity in mothers with (Lauritsen, Kristensen, and Grunnet), 35

- Spring clip sterilization: One-year follow-up of 1,079 cases (Hulka et al.), 1039
- Squamous-cell carcinoma, microinvasive, of vulva (Jafari and Carnick), 274 (Comm. in brief)
- Stage I carcinoma of uterine cervix in patients under 40 years of age (Futoran and Nolan), 790
- Staging, pretreatment, of carcinoma of cervix uteri, scalene node biopsy in (Perez-Mesa and Spratt), 93
- Starvation, acute, endocrine-metabolic response to, in human gestation (Tyson et al.), 1073
- Sterilization, spring clip: One-year follow-up of 1,079 cases (Hulka et al.), 1039
- Steroid, oral contraceptive, and IUD users and nonusers, carcinoma of cervix in (Sandmire, Austin, and Bechtel), 339
- Stilbestrol, benign cervical and vaginal changes associated with exposure to, in utero (Sandberg), 777
- Stimulating, follicle-, hormone, LH-, -releasing hormone (LRH), gonadotropin response after administration of, during pregnancy and after therapeutic abortion in second trimester, studies on (Jeppsson and Rannevik), 484
- releasing hormone, luteinizing hormone- and, some notes on background of isolation, determination of structure, synthesis, and early clinical trials of (Schally), 1142 (Classic pages)
- Stromal tumors, ovarian, treatment of (Schwartz and Smith), 402
- Structure, determination of, synthesis, early clinical trials, and isolation of luteinizing hormone- and follicle-stimulating hormone-releasing hormone, some notes on background of (Schally), 1142 (Classic pages)
- Subarachnoid hemorrhage, spontaneous, maternal deaths due to (Barno and Freeman), 384
- Suction biopsy, endometrial: Appraisal of new instrument (Ingilis and Weir), 1070
- cannula, flexible, histopathologic evaluation of uteri curetted by (Hale et al.), 805
- Sulfate, dehydroisoandrosterone, maternal plasma, pattern and rate of metabolism of, in human pregnancy (Madden et al.), 915
- relationship of metabolic clearance rate of, to placental blood flow: Mathematical model (Clewett and Meschia), 507
- Surgery, fetal heart rate monitoring in pregnant patients undergoing (Katz, Hook, and Barash), 267 (Comm. in brief)
- vaginal, prophylactic antibiotics for: Historical addendum (Thomson), 270 (Comm. in brief)
- Surgical management of infertility, prognostic aid in: Diagnostic laparoscopy (Israel and March), 969
- Syncytiotrophoblast, immunobiological function of: New theory (Morisada, Yamaguchi, and Izuka), 3
- Syndrome, fetal alcohol: Seven new cases (Mulvihill et al.), 937
- respiratory distress, relationship between cortisol levels in umbilical cord plasma and development of, in premature newborn infants (Sybulski and Maughan), 239
- uremic hemolytic (malignant nephrosclerosis during pregnancy and in postpartum period) (Beller et al.), 633
- Synthesis, early clinical trials, isolation, and determination of structure of luteinizing hormone- and follicle-stimulating hormone-releasing hormone, some notes on background of (Schally), 1142 (Classic pages)
- T
- TCu-200 intrauterine devices, ultrastructural studies on endometrium of women wearing, by means of transmission and scanning electron microscopy and x-ray dispersive analysis (González-Angulo and Aznar-Ramos), 170
- Teenage pregnancy, early, medical and social factors affecting (Dott and Fort), 532
- Teratogenicity of certain antinauseant drugs, evaluation of (Milkovich and van den Berg), 244
- Terbutaline, effect of, on premature labor (Ingemarsson), 520
- Term in normal gestation, relation of obstetric parameters to concentrations of four pregnancy-associated plasma proteins at (Lin, Halbert, and Spellacy), 17
- quantitative measurements of amniotic fluid inspired near, by human and rhesus fetuses: Fetal respiration (Duenhoelter and Pritchard), 306
- Test(s), amniotic fluid, for fetal maturity in normal and abnormal pregnancies (Doran et al.), 586
- dehydroepiandrosterone loading—Preliminary clinical application, II. Physiologic model of dehydroepiandrosterone to estrogen conversion system in fetoplacental unit (Pupkin et al.), 256
- negative oxytocin challenge, abruptio placentae following (Seski and Compton), 276 (Comm. in brief)
- Schiller, in patients before conization, critical evaluation of (Rubio and Thonassen), 96
- Testosterone-estradiol-binding globulin, plasma, response of binding capacity of, to norethindrone, 2 mg., and mestranol, 0.1 mg., in polycystic ovarian disease (Anderson et al.), 166
- Tetraploidy found in cultured human amniotic fluid cells, proposed system whereby (colcemid-induced) S₂ phase is responsible for (Tegenkamp, Hux, and Tegenkamp), 554
- Therapeutic abortion in second trimester, gonadotropin response after administration of LH/FSH-releasing hormone (LRH) during pregnancy and after, studies on (Jeppsson and Rannevik), 484
- Therapy, approach to: Gestational and pregestational diabetes (Tyson and Hock), 1009 (Current developments)
- human menopausal gonadotropin, effect of clomiphene citrate upon amount and duration of (March, Tredway, and Mishell), 699
- oral contraceptive, thromboembolic and other complications of, in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study, VII. Progestational agents and blood coagulation (Ambrus et al.), 1057
- Thermostable antigen associated with ovarian cancer (Burton, Hope, and Lubbers), 472
- Thromboembolic and other complications of oral contraceptive therapy in relationship to pretreatment levels of blood coagulation factors: Summary report of ten-year study, VII. Progestational agents and blood coagulation (Ambrus et al.), 1057
- Thyroid function in human pregnancy. IX. Development or retardation of 7-year-old progeny of hypothyroxinemic women (Man and Serunian), 949
- Toxemia, experimental, placental lesions in, in rabbit, (Abitbol, Driscoll, and Ober), 942
- Transactions, forty-second annual meeting, Pacific Coast Obstetrical and Gynecological Society, 729-820
- third annual meeting, Central Association of Obstetricians and Gynecologists, 283-417
- thirty-first annual meeting, Society of Obstetricians and Gynaecologists of Canada, 577-612
- Transfusion of Rh-positive blood into Rh-negative women (Keith, Berger, and Pollack), 502
- Transmissible diseases, sexually (Evans), 116 (Current developments)
- Transmission and scanning electron microscopy and x-ray dispersive analysis, ultrastructural studies on endometrium of women wearing TCu-200 intrauterine devices by means of (González-Angulo and Aznar-Ramos), 170
- Traumatic intra-abdominal deceleration injury, in utero, to fetus—Case report (Connor and Curran), 567 (Comm. in brief)
- Treated, successfully, for gestational trophoblastic tumors, reproductive performance of women (Walden and Bagshawe), 1108
- Treating 210 patients with detrusor overactivity incontinence of urine, results in (Beck, Arnusch, and King), 593
- Treatment, extensive, for pelvic cancer, vaginal reconstruction following (Watring et al.), 809
- hormonal, pregnancy-zone protein present during pregnancy and, in women previously believed not to produce this protein (Damber, von Schoultz, and Stigbrand), 565 (Comm. in brief)
- only, of carcinoma in situ of uterine cervix, conization as (Bjerre et al.), 143
- of ovarian stromal tumors (Schwartz and Smith), 402
- Trimester, middle, impact of mean arterial pressure in, upon outcome of pregnancy (Page and Christianson), 740
- second, therapeutic abortion in, gonadotropin response after administration of LH/FSH-releasing hormone (LRH) during pregnancy and after, studies on (Jeppsson and Rannevik), 484
- third, serum unconjugated estriol levels in, and relationship to gestational age (Buster et al.), 672

- Trophoblast antigens, human, effect of length of gestation on maternal cellular immunity to (Taylor et al.), 528
- Trophoblastic neoplasms, limitation of specific serum radioimmunoassay for human chorionic gonadotropin in management of (Schreiber et al.), 705 (Current investigation)
- tumors, gestational, reproductive performance of women successfully treated for (Walden and Bagshawe), 1108
- Tubal fulguration, bilateral laparoscopic, ruptured ectopic pregnancy after (Sheikh and Yussman), 569 (Comm. in brief)
- twin gestation, unilateral (Storch and Petrie), 1148 (Comm. in brief)
- Tube, Fallopian, influence of copper on in vitro motility of (Larsson, Ljung, and Hamberger), 682
- primary carcinoma of (Kinzel), 816
- prolapse of, into vaginal vault (Carmichael), 266 (Comm. in brief)
- Tubo-ovarian abscess, mycotic, associated with intrauterine device (Kostelnik and Fremont), 272 (Comm. in brief)
- Tumors, gestational trophoblastic, reproductive performance of women successfully treated for (Walden and Bagshawe), 1108
- metastatic placental: Report of three cases (Smythe, Underwood, and Kreutner), 1149 (Comm. in brief)
- mucinous, of ovary. II. Ultrastructural features of mucinous cystadenocarcinomas (Fenoglio, Ferenczy, and Richart), 990
- ovarian stromal, treatment of (Schwartz and Smith), 402
- pituitary, in patients with secondary amenorrhea (Haesslein and Lamb), 759
- Twin(s) gestation, unilateral tubal (Storch and Petrie), 1148 (Comm. in brief)
- hyaline membrane disease in (de la Torre Verduzco, Rosario, and Rigatto), 668

U

- Ulcer, perforated duodenal, in pregnancy with double survival (Tew, Holliday, and Phibbs), 1151 (Comm. in brief)
- Ultrasonic abdominometry, estimation of fetal weight by (Kurjak and Breyer), 962
- fetal heart rate monitor, evaluation of accuracy of (Lauersen, Hochberg, and George), 1125
- Ultrasound, B-mode, diagnosis of rectus sheath hematoma by: Case report (Hamilton et al.), 562 (Comm. in brief)
- diagnostic, assessment of intrauterine growth retardation by (Whetham, Muggah, and Davidson), 577
- Ultrastructural features of mucinous cystadenocarcinomas, II. Mucinous tumors of ovary (Fenoglio, Ferenczy, and Richart), 990
- histochemical, and histologic observations in five cases: Gonadoblastoma (Garvin et al.), 459
- observations of human uterine smooth muscle cells during gestation (Dessouky), 1099
- studies on endometrium of women wearing TCu-200 intrauterine devices by means of transmission and scanning electron microscopy and x-ray dispersive analysis (González-Angulo and Aznar-Ramos), 170
- Umbilical cord plasma, cortisol levels in, and development of respiratory distress syndrome in premature newborn infants, relationship between (Sybulski and Maughan), 239
- in relation to labor and delivery (Sybulski and Maughan), 236
- Unconjugated estriol levels, serum, in third trimester and relationship to gestational age (Buster et al.), 672
- United States, prevalence of cervical cancer screening in, in 1970 (Rochat), 478
- Urea or prostaglandin, culturability of fibroblasts from skin of abortuses after intra-amniotic instillation of (Ju, Park, and Jones), 1155 (Comm. in brief)
- Uremic hemolytic syndrome (malignant nephrosclerosis during pregnancy and in postpartum period) (Beller et al.), 633
- Urine, detrusor overactivity incontinence of, results in treating 210 patients with (Beck, Arnusch, and King), 593
- pregnancy, assay of estriol-16 α -(β -D-glucuronide) in, with specific antiserum (DiPietro), 841
- Uteri, cervix, carcinoma of, scalene node biopsy in pretreatment staging of (Perez-Mesa and Spratt), 93
- curetted by flexible suction cannula, histopathologic evaluation of (Hale et al.), 805
- Uterine activity and blood pressure, effect of epidural anesthesia on (Matadial and Cibils), 846
- Uterine—Cont'd
- blood flow, oxygen consumption, and maternal plasma estradiol and progestins following fetal death (Caton et al.), 624
- cavity, postpartum and postabortal cervix and, susceptibility of, to infection with attenuated rubella virus (Bolognese et al.), 525
- cervix, carcinoma in situ of, conization as only treatment of (Bjerre et al.), 143
- Stage I carcinoma of, in patients under 40 years of age (Futoran and Nolan), 790
- relaxant, fenoterol, actions of, on uteroplacental hemodynamics in human subjects (Lippert, De Grandi, and Fridrich), 1093
- smooth muscle cells, human, ultrastructural observations of, during gestation (Dessouky), 1099
- vascular bed, effect of various vasoactive compounds upon (Resnik et al.), 201
- Utero, benign cervical and vaginal changes associated with exposure to stilbestrol in (Sandberg), 777
- in, traumatic intra-abdominal deceleration injury to fetus—Case report (Connor and Curran), 567 (Comm. in brief)
- Uteroplacental hemodynamics, actions of uterine relaxant, fenoterol, on, in human subjects (Lippert, De Grandi, and Fridrich), 1093
- Uterus, lateral communicating double, with unilateral vaginal obstruction (Neves-e-Castro et al.), 865 (Comm. in brief)

V

- Vaginal changes, benign cervical and, associated with exposure to stilbestrol in utero (Sandberg), 777
- hysterectomy, conization—, morbidity, impact of cephalosporin prophylaxis on (Forney et al.), 100
- value of prophylactic antibiotics after (Boyd and Garceau), 581
- obstruction, unilateral, lateral communicating double uterus with (Neves-e-Castro et al.), 865 (Comm. in brief)
- reconstruction following extensive treatment for pelvic cancer (Watring et al.), 809
- surgery, prophylactic antibiotics for: Historical addendum (Thomson), 270 (Comm. in brief)
- vault, prolapse of (Rust, Botte, and Howlett), 768
- Fallopian tube into (Carmichael), 266 (Comm. in brief)
- Vascular bed, uterine, effect of various vasoactive compounds upon (Resnik et al.), 201
- Vasoactive compounds, various, effect of, upon uterine vascular bed (Resnik et al.), 201
- Vein catheterization, differential ovarian and adrenal (Wentz et al.), 1000
- Venography, selective adrenal, virilizing adrenocortical adenoma studied by selective adrenal venography (Gabrilove, Nicolis, and Mitty), 180
- Venous distensibility during pregnancy determined by graded venous congestion (Barwin and Roddie), 921
- Virilizing adrenocortical adenoma studied by selective adrenal venography (Gabrilove, Nicolis, and Mitty), 180
- Virus, attenuated rubella, susceptibility of postpartum and postabortal cervix and uterine cavity to infection with (Bolognese et al.), 525
- Vitamin(s) B₆, B₁₂, and folic acid, III. Effect of oral contraceptives on nutrients (Prasad et al.), 1063
- D metabolism, perinatal. III. Factors influencing late gestational human serum 25-hydroxyvitamin D (Hillman and Hadad), 196
- Vitro, in, motility of human Fallopian tube, influence of copper on (Larsson, Ljung, and Hamberger), 682
- Vulva, microinvasive squamous-cell carcinoma of (Jafari and Cartnick), 274 (Comm. in brief)

W

- Weight, fetal, estimation of, by ultrasonic abdominometry (Kurjak and Breyer), 962
- gain, maternal smoking and, in pregnancy, fetal growth retardation in relation to (Miller, Hassanein, and Hensleigh), 55

Weight—Cont'd

- low birth, simple assessment of risk of, to select women for nutritional intervention (Lechtig et al.), 25
studies, fetal, automatic balance for (Abrams et al.), 660

X

- X-ray dispersive analysis, transmission and scanning electron microscopy and, ultrastructural studies on endometrium of women wearing TCU-200 intrauterine devices by means of (González-Angulo and Aznar-Ramos), 170

Z

- Zinc-peptide antibacterial system, evidence for, VI. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 906

Zinc—Cont'd

- phosphate-to-, ratio as predictor of bacterial growth-inhibitory activity, V. Bacterial growth inhibition by amniotic fluid (Schlievert, Johnson, and Galask), 899
Zone, pregnancy-, protein present during pregnancy and hormonal treatment in women previously believed not to produce this protein (Damber, von Schoultz, and Stigbrand), 565 (Comm. in brief)
